

**A Managed Fee-for-Service Plan
with a Preferred Provider Organization
and a Point of Service Product**

Sponsored by: the National League of Postmasters of the United States.

Who may enroll in this Plan: All Federal employees and annuitants who are eligible to enroll in the Federal Employees Health Benefits Program and who are, or become, members or League Benefit Members of the National League of Postmasters of the United States.

To become a member or League Benefit Member: To be eligible for membership in the League, you must be an active or retired employee of the Federal government or the United States Postal Service.

Annuityants (retirees) may enroll in this Plan.

Membership dues: New League Benefit Members will be billed separately \$35 for annual dues when the Plan receives notice of enrollment. Continuing members will be billed by the League for the annual membership dues.

Postmaster members must pay dues based on level of office. Dues are paid by payroll deduction or annually at the option of the Postmaster. Continuing Postmaster members are billed annually for membership dues.

Postmasters Benefit Plan

The National League of Postmasters of the United States, Washington, D.C., (Carrier) has entered into Contract No. CS 1071 with the Office of Personnel Management (OPM) to provide a health benefits plan (Plan) authorized by the Federal Employees Health Benefits (FEHB) law. The FEHB contract specifies the manner in which it may be modified or terminated.

This brochure is based on text incorporated into the contract between OPM and the Carrier as of January 1, 1997 and is intended to be a complete statement of benefits available to FEHB members. It describes the benefits, exclusions, limitations, and maximums of the Postmasters Benefit Plan for 1997 and until amended by future benefit negotiations between OPM and the Carrier. It also describes procedures for obtaining benefits. You should use this brochure to determine your entitlement to benefits. However, if conflicts are discovered between the language of this brochure and the contract, the contract will control. Oral statements cannot modify the benefits described in this brochure.

An enrollee does not have a vested right to receive the benefits in this brochure in 1998 or later years, and does not have a right to benefits available prior to 1997 unless those benefits are contained in this brochure.

Inspector General Advisory: Stop Health Care Fraud!

Fraud increases the cost of health care for everyone. Anyone who intentionally makes a false statement or a false claim in order to obtain FEHB benefits or increase the amount of FEHB benefits is subject to prosecution for FRAUD which may result in CRIMINAL PENALTIES.

Please review all medical bills, medical records and claims statements carefully. If you find that a provider, such as a doctor, hospital, pharmacy, etc., charged your Plan for services you did not receive, billed for the same service twice, or misrepresented any other information, take the following actions:

- Call the provider (doctor, hospital, etc.) and ask for an explanation - sometimes the problem is a simple error.
- If the provider does not resolve the matter, or if you remain concerned, call your Carrier at 703/683-5585 and explain the situation.
- If the matter is not resolved after speaking to your Carrier (and you still suspect fraud has been committed), call or write:

THE HEALTH CARE FRAUD HOTLINE
202/418-3300

The Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street, N.W., Room 6400
Washington, D.C. 20415

The inappropriate use of membership identification cards, e.g., to obtain benefits for a person who is not an eligible family member or after you are no longer enrolled in the Plan, is also subject to review by the Inspector General and may result in an adverse administrative action by your agency.

Using This Brochure

The **Table of Contents** and **Index** will help you find the information you need to make the best use of your benefits. To get the best value for your money, you should read **Facilities and Other Providers**. It will help you understand how your choice of doctors and hospitals will affect how much you pay for services under this Plan.

This brochure explains all of your benefits. It's important that you read about your benefits so you will know what to expect when a claim is filed. Most of the benefit headings are self-explanatory. **Other Medical Benefits** and **Additional Benefits**, on the other hand, both include a variety of unrelated benefits. What is different about these benefits is how they are paid: Other Medical Benefits are paid after you satisfy the calendar year deductible and Additional Benefits are generally not subject to the calendar year deductible.

You will find that some benefits are listed in more than one section of the brochure. This is because how they are paid depends on which provider bills for the service. For example, physical therapy is paid one way if it is billed by an inpatient facility and paid another way when it is billed by a doctor, physical therapist or outpatient facility.

The last part of the brochure contains information useful to you under certain circumstances. For example, if you have to go to the hospital you need to read **Precertification**; hospital stays **must** be precertified for all payable benefits to apply. If you are enrolled in Medicare, take a look at **This Plan and Medicare**. And, the **Enrollment Information** section tells you about several FEHB enrollment requirements that could affect your future coverage.

1997 Rate Information for Postmasters Benefit Plan

FEHB Benefits of this Plan are described in brochure 71-13

The 1997 rates for this Plan follow. **Non-Postal rates** apply to most non-Postal enrollees. If you are in a special enrollment category, refer to an FEHB Guide or contact the agency that maintains your health benefits enrollment. **Postal rates** apply to all USPS career employees and do not apply to non-career Postal employees, Postal retirees or associate members of any Postal employee organization.

How the Postmasters Benefit Plan Changes January 1997	41-43
---	-------

Summary of Benefits

High Option	45
Standard Option	46

How This Plan Works

Help Contain Costs

You can help

FEHB plans are expected to manage their costs prudently. All FEHB plans have cost containment measures in place. All fee-for-service plans include two specific provisions in their benefits packages: precertification of all inpatient admissions and the flexible benefits option. Some include managed care options, such as PPO's, to help contain cost.

As a result of your cooperative efforts, the FEHB Program has been able to control premium costs. Please keep up the good work and continue to help keep costs down.

Precertification

Precertification evaluates the medical necessity of proposed admissions and the number of days required to treat your condition. You are responsible for ensuring that the precertification requirement is met. You or your doctor must check with HealthCare COMPARE CORP., before being admitted to the hospital. If that doesn't happen, your Plan will reduce benefits by \$500. Be a responsible consumer. Be aware of your Plan's cost containment provisions. You can avoid penalties and help keep premiums under control by following the procedures specified on page 30 of this brochure.

Flexible benefits option

Under the flexible benefits option, the Carrier has the authority to determine the most effective way to provide services. The Carrier may identify medically appropriate alternatives to traditional care and coordinate the provision of Plan benefits as a less costly alternative benefit. Alternative benefits are subject to ongoing review. The Carrier may decide to resume regular contract benefits at its sole discretion. Approval of an alternative benefit is not a guarantee of any future alternative benefits. The decision to offer an alternative benefit is solely the Carrier's and may be withdrawn at any time. It is not subject to OPM review under the disputed claims process.

POS (Point-of-Service)

This Plan offers all of its Standard Option members the opportunity to limit out-of-pocket expenses for the cost of most care to modest copayments (copays) by 1) selecting a POS primary care physician, 2) accepting POS managed care provisions and 3) receiving care from providers who participate in the Plan's POS provider network. Call 1-800-654-6530 for more details and to select a primary care physician.

PPO

This Plan offers most of its members the opportunity to reduce out-of-pocket expenses by choosing providers who participate in the Plan's preferred provider organization (PPO). Consider the PPO cost savings when you review Plan benefits and check with HealthCare COMPARE CORP., to see whether PPO providers are available in your area.

Facilities and Other Providers

Covered facilities

Day care center

A facility licensed as a day care center and that provides a planned program of psychiatric services for patients with mental conditions who must spend their days, but not nights, under psychiatric care.

Free-standing ambulatory facility

An out-of-hospital facility such as medical, cancer, dialysis, or surgical center or clinic, and licensed outpatient facilities accredited by the Joint Commission on Accreditation of Healthcare Organizations for treatment of substance abuse.

Hospice

A facility whose staff must include a doctor and registered nurse (R.N.) and may include social workers, clergymen/counselors, volunteers, clinical psychologists and physical or occupational therapists who are able to provide care 24 hours a day.

Hospital

(1) An institution that is accredited as a hospital under the hospital accreditation program of the Joint Commission on Accreditation of Healthcare Organizations, or

(2) Any other institution that is operated pursuant to law, under the supervision of a staff of doctors, with 24-hour-a-day nursing service and that is primarily engaged in providing for sick and injured inpatients: general care and treatment through medical, diagnostic and major surgical facilities, all of which facilities must be provided on its premises or under its control, or specialized care and treatment through medical and diagnostic facilities (including X-ray and laboratory) on its premises, under its control, or through a written agreement with a hospital (as defined above) or with a specialized provider of those services.

Facilities and Other Providers *continued*

Rehabilitation Facility	An institution that: (1) meets the “hospital” definition as stated; or (2) provides a program for the treatment of alcohol or drug abuse and meets one of the following requirements: (a) is affiliated with a hospital under a contractual agreement with an established patient referral system; (b) is licensed, certified or approved as an alcohol or drug abuse rehabilitation facility by the State; or is accredited as such a facility by the Joint Commission on Accreditation of Healthcare Organizations.
Skilled nursing facility	An institution that (1) is operated pursuant to law and primarily engaged in providing the following services for patients recovering from an illness or injury: room, board and 24- hour- a day nursing service by professional nurses; (2) is under the full-time supervision of a doctor or registered nurse (R.N.); (3) maintains adequate medical records; and (4) has the services of a doctor available under an established agreement for 24 hours a day, if not supervised by a doctor.
Covered providers	<p>For purposes of this Plan, covered providers include:</p> <p>A licensed doctor of medicine (M.D.) or a licensed doctor of osteopathy (D.O.). Other covered providers include: a licensed doctor of podiatry (D.P.M.); a licensed dentist (D.D.S. or D.M.D.); licensed chiropractor (D.C.); licensed or registered physical, occupational and speech therapists (R.P.T., R.S.T., R.O.T. and S.P.) practicing within the scope of their license. Other covered providers include a qualified clinical psychologist, clinical social worker, optometrist, nurse midwife, nurse practitioner/clinical specialist and nursing school administered clinic. For purposes of this FEHB brochure, the term “doctor” includes all of these providers when the services are performed within the scope of their license or certification.</p>
Coverage in medically underserved areas	Within States designated as medically underserved areas, any licensed medical practitioner will be treated as a covered provider for any covered services performed within the scope of that license. For 1997, the States designated as medically underserved are: Alabama, Louisiana, Mississippi, New Mexico, North Dakota, South Dakota, South Carolina, West Virginia and Wyoming.
POS arrangements (Standard Option)	<p>The Standard Option of this Plan provides POS benefits for many, but not all, covered services. To obtain POS benefits, the member must select a POS primary care physician to provide and/or manage the member’s care. This management affects inpatient admissions and care provided by specialists. The POS primary care physician must be selected prior to receiving care. PPO and Non-PPO benefits are available to enrollees who: 1) do not select a POS primary care physician, 2) receive care from a non-POS provider or 3) do not comply with the managed care provisions of the POS program.</p>
This Plan’s POS (Standard Option)	<p>The POS provision allows members to choose from among three levels of benefits at the time they need to access medical care. Non-PPO benefits are available for all covered services and all covered providers. Members who wish to reduce their out-of-pocket costs can choose to receive some care from a PPO provider, if one is available, in the member’s area. Now all members can reduce their out-of-pocket costs even more by selecting a POS primary care physician and accepting some managed care provisions. When POS primary care physicians are available in a member’s area, the member must select from among existing POS primary care physicians. If there is no POS primary care physician available in a member’s area, a qualified local physician can be designated as the member’s POS primary care physician. The POS benefits provision is available for Inpatient Hospital Benefits, Surgical Benefits, Maternity Benefits and Other Medical Benefits. Members should call 1-800-654-6530 for details about selecting a primary care physician and the managed care provisions of the POS benefits provision.</p>
PPO arrangements	<p>Benefits under this Plan are available from facilities, such as hospitals, and from providers, such as doctors and other health care personnel, who provide covered services. This Plan covers two types of facilities and providers: (1) those who participate in a preferred provider organization (PPO) and (2) those who do not. Who these health care providers are, and how benefits are paid for their services, are explained below. In general, it works like this.</p> <p>PPO facilities and providers have agreed to provide most services to Plan members at a lower cost than you’d usually pay a non-PPO provider. Although PPO’s are not available in all locations or for all services, when you use these providers you help contain health care costs and reduce what you pay out of pocket. The selection of PPO providers is solely the Carrier’s responsibility; continued participation of any specific provider cannot be guaranteed. While PPO providers agree with the Carrier to provide covered services, final decisions about health care are the sole responsibility of the doctor and patient and are independent of the terms of the insurance contract.</p> <p>PPO benefits apply only when you use a PPO provider. If no PPO provider is available, or you do not use a PPO provider, the standard non-PPO benefits apply.</p>

Facilities and Other Providers *continued*

This Plan's PPO

When you use a PPO hospital, keep in mind that the professionals who provide services to you in the hospital, such as radiologists, anesthesiologists and pathologists, may not all be preferred providers. If they are not they will be paid by this Plan as non-PPO providers.

Non-PPO facilities and providers do not have special agreements with the Carrier. The Plan makes its regular payments toward their bills, and you're responsible for any balance.

The Plan provides a national network of Preferred Provider Organizations (PPO) through a company called HealthCare COMPARE CORP. This PPO network, AFFORDABLE Medical Network, offers hospitals and doctors in numerous geographic areas that have agreed to provide services to Plan enrollees and their dependents at negotiated rates. This includes inpatient and outpatient hospital services, inpatient and outpatient services of doctors, surgical procedures and anesthesia. The Carrier is solely responsible for the selection of PPO providers and any questions regarding PPO providers should be directed to the Plan. The continued participation of any specific PPO provider cannot be guaranteed.

If you need hospital services, and a PPO hospital is available in your area, you may choose between a PPO provider and a non-PPO provider at the time of service. The rates that have been negotiated with the PPO Providers will result in savings to you through a higher level of benefit payment. When a High Option enrollee uses one of the PPO hospitals, the Plan will waive the room and board inpatient deductible (\$150 for **High Option**). (The inpatient deductible waiver does not apply to the Mental Conditions/Substance Abuse Benefits). There is a \$350 (PPO) room and board deductible for **Standard Option**. The Plan will also pay eligible Other charges at **100%** under **High Option** and **95%** under **Standard Option**.

In addition to savings on the PPO hospitals, the Plan offers a PPO Doctors Network. Participating providers will provide discounted charges. The Plan will pay **95%** of the discounted charges (after any deductibles).

The PPO InfoLine offers Plan members a toll-free number, 1-800/654-6530, to obtain up-to-date information on the current status of providers within the Network. The PPO InfoLine operates Monday through Friday, 7 a.m. to 7 p.m., Central Standard Time. In addition to provider information, PPO InfoLine may provide answers to general PPO questions.

The enrollees identification card will identify the patient as a participant of the HealthCare COMPARE CORP., PPO network and will alert medical care providers that the enrollee participates in the Preferred Provider network (PPO). If an enrollee elects to use a non-PPO provider the Plan will provide its usual coverage as outlined in this brochure. Note: Some discounts can be obtained from network providers even though PPO benefits may not apply (see page 17 and 19 for services not covered under PPO benefits).

Cost Sharing

Deductibles

A deductible is the amount of expense an individual must incur for covered services and supplies before the Plan starts paying benefits for the expense involved. A deductible is not reimbursable by the Plan and benefits paid by the Plan do not count toward a deductible. When a benefit is subject to a deductible, only expenses allowable under that benefit count toward the deductible.

Calendar year

The calendar year deductible is the amount of expenses an individual must incur for covered services and supplies each calendar year before the Plan pays certain benefits. The deductible is \$275 for the **High Option** and \$300 (PPO) or \$500 (Non-PPO) for the **Standard Option**. All charges shown under both options for services listed under Other Medical Benefits, outpatient care, except copayments and mental conditions inpatient visits (High Option only) would apply to this deductible. Standard Option is subject to a separate deductible for mental conditions inpatient hospital visits and outpatient care.

If you change options in this Plan during the calendar year, the amount of covered expenses already applied toward the deductible of your old option will be credited to the deductible of your new option.

Hospital

The deductible for Inpatient Hospital Benefits is \$150 for the **High Option** and \$350 (PPO) or \$600 (Non-PPO) for the **Standard Option** per person per admission; when confined in a PPO hospital the deductible will be waived for High Option (see page 6). The **High Option** and **Standard Option** deductible for mental conditions is \$500 per person per year. The **High Option** and **Standard Option** deductible for substance abuse is \$500 per person per year.

Cost Sharing *continued*

Dental	The High Option deductible for Basic and Major Dental Benefits is \$30 per person per calendar year. There is no Standard Option deductible for Dental Benefits.
Carryover	If you changed to this Plan during open season from a plan with a deductible and the effective date of the change was after January 1, any expenses that would have applied to that plan's deductible in the prior year will be covered by your old plan if they are for care you got in January before the effective date of your coverage in this Plan. If you have already met the deductible in full, your old plan will reimburse these covered expenses. If you have not met it in full, your old plan will first apply your covered expenses to satisfy the rest of the deductible and then reimburse you for any additional covered expenses. The old plan will pay these covered expenses according to this year's benefits; benefit changes are effective on January 1.
Family limit	There is a separate calendar year deductible of \$275 per person under the High Option and \$300 (PPO) or \$500 (Non-PPO) per person under the Standard Option . Under a family enrollment, the deductible is considered satisfied and benefits are payable for all family members when the combined covered expenses applied to the deductible for all family members reach \$550 under High Option and \$600 (PPO) or \$1,000 (Non-PPO) under Standard Option during a calendar year. If two or more persons under the same family enrollment are injured in the same accident, only one deductible need be satisfied that calendar year by those injured.
Coinsurance	Coinsurance is the stated percentage of covered charges you must pay after you have met any applicable deductible. For instance, when a Plan pays 80% of reasonable and customary charges for a covered service, you are responsible for 20% of the reasonable and customary charges, i.e., the coinsurance. In addition, you may be responsible for any excess charge over the Plan's reasonable and customary allowance. For example, if the provider ordinarily charges \$100 for a service but the Plan's reasonable and customary allowance is \$95, the Plan will pay 80% of the allowance (\$76). You must pay the 20% coinsurance (\$19), plus the difference between the actual charge and the reasonable and customary allowance (\$5), for a total member responsibility of \$24. Remember, if you use preferred providers, your share of covered charges (after meeting any deductible) is limited to the stated coinsurance amount.
When hospital charges are limited by law	When inpatient claims are paid according to a Diagnostic Related Group (DRG) limit (for instance, for admissions of certain retirees who do not have Medicare - see page 10), the Plan will pay 30% of the total covered amount as room and board charges and 70% as other charges and will apply your coinsurance accordingly.
Copayments	A copayment is the stated amount the Plan requires you to pay for a covered service, such as \$10 per prescription by mail or \$20 per office visit charge at a PPO provider.
If provider waives your share	If a provider routinely waives (does not require you to pay) your share of the charge for services rendered, the Plan is not obligated to pay the full percentage of the amount of the provider's original charge it would otherwise have paid. A provider or supplier who routinely waives coinsurance, copayments or deductibles is misstating the actual charge. This practice may be in violation of the law. The Plan will base its percentage on the fee actually charged. For example, if the provider ordinarily charges \$100 for a service but routinely waives the 20% coinsurance, the actual charge is \$80. The Plan will pay \$64 (80% of the actual charge of \$80).
Lifetime maximums	Both Options - The Plan will pay up to \$100 for enrollment in one smoking cessation program per member per lifetime.

General Limitations

All benefits are subject to the definitions, limitations and exclusions in this brochure and are payable when determined by the Carrier to be medically necessary. Coverage is provided only for services and supplies that are listed in this brochure. **No oral statement of any person shall modify or otherwise affect the benefits, limitations and exclusions of this brochure, convey or void any coverage, increase or reduce any benefits under the Plan or be used in the prosecution or defense of a claim under the Plan.** This brochure is based on text included in the contract between OPM and this Plan and is intended to be the complete statement of benefits available to FEHB members. You should use this brochure to determine your entitlement to benefits. However, if conflicts are discovered between the language of this brochure and the contract, the contract will control.

Other sources of benefits

This section applies when you or your family members are entitled to benefits from a source other than this Plan. You must disclose information about other sources of benefits to the Carrier and complete all necessary documents and authorizations requested by the Carrier.

Medicare

If you or a covered family member is enrolled in this Plan and Part A, Part B or Parts A and B of Medicare, the provisions on coordination of benefits with Medicare described on page 31 apply.

Group health insurance and automobile insurance

Coordination of benefits (double coverage) applies when a person covered by this Plan also has, or is entitled to benefits from any other group health coverage, or is entitled to the payment of medical and hospital costs under no-fault or other automobile insurance that pays benefits without regard to fault. Information about the other coverage must be disclosed to this Carrier.

When there is double coverage, one plan normally pays its benefits in full as the primary payer, and the other plan pays a reduced benefit as the secondary payer. When this Plan is the secondary payer, it will pay the lesser of (1) its benefits in full, or (2) a reduced amount that, when added to the benefits payable by the other coverage, will not exceed 100% of the reasonable and customary allowance.

The determination of which health coverage is primary (pays its benefits first) is made according to guidelines provided by the National Association of Insurance Commissioners (NAIC). When benefits are payable under automobile insurance, including no-fault, the automobile insurer is primary (pays its benefits first) if it is legally obligated to provide benefits for health care expenses without regard to other health benefits coverage the enrollee may have.

This provision applies whether or not a claim is filed under the other coverage. When applicable, authorization must be given this Carrier to obtain information about benefits or services available from the other coverage, or to recover overpayments from other coverages.

CHAMPUS

If you are covered by both this Plan and the Civilian Health and Medical Program of the Uniformed Services (CHAMPUS), this Plan will pay benefits first.

Medicaid

If you are covered by both this Plan and Medicaid, this Plan will pay benefits first.

Workers' compensation

The Plan will not pay for benefits or services required as the result of occupational disease or injury for which any medical benefits are determined by the Office of Workers Compensation Programs (OWCP) to be payable under workers' compensation (under section 8103 of title 5, U.S.C.) Federal or State law. This provision also applies when a third party injury settlement or other similar proceeding provides medical benefits in regard to a claim under workers' compensation or similar laws. If medical benefits provided under such laws are exhausted, medical benefits may be provided for services or supplies covered by this Plan. The Plan is entitled to be reimbursed by OWCP (or similar agency) for benefits paid by the Plan that were later found to be payable by OWCP (or the agency).

DVA facilities, DoD facilities, and Indian Health Services

Facilities of the Department of Veterans Affairs, the Department of Defense, and the Indian Health Service are entitled to seek reimbursement from the Plan for certain services and supplies provided to you or a family member to the extent that reimbursement is required under the Federal statutes governing such facilities.

Other Government agencies

The Plan will not provide benefits for services and supplies paid for directly or indirectly by any other local, State, or Federal Government agency.

Liability insurance and third party actions

Subrogation applies when you are sick or injured as a result of the act or omission of another person or party. Subrogation means the Plan's right to recover any payments made to you or a family member by a third party's insurer, because of an injury or illness caused by a third party. Third party means another person or organization. If, as a result of an illness or injury for which the Plan has paid or may pay benefits, you institute a suit or claim against a third party, the Plan will take an assignment from you of the money damages paid or payable to you by any third party on the suit or claim. This means the Plan will assert a lien against any monies you receive as a result of your claim regardless of the year instituted, whether you receive money by court order or as an out-of-court settlement or any

General Limitations *continued*

other type of settlement. The lien will apply to money proceeds in the full amount of the Plan benefits paid or payable to you or any covered member of your family, and it will act only to reimburse the Plan for its payment of such benefits.

Upon notification, the Plan will provide you with the necessary forms and will insist on execution of the assignment before paying any benefits on account of the injury or illness. Failure to notify the Plan promptly that you have instituted such a suit or claim against a third party may result in an overpayment of benefits by the Plan that is subject to recoupment. If you need more information about subrogation, the Plan will provide you with its subrogation procedures.

Overpayments

The Carrier will make reasonably diligent efforts to recover benefit payments made erroneously but in good faith and may apply subsequent benefits otherwise payable to offset any overpayments.

Vested rights

An enrollee does not have a vested right to receive the benefits in this brochure in 1998 or later years, and does not have a right to benefits available prior to 1997 unless those benefits are contained in this brochure.

Limit on your costs if your're age 65 or older and don't have Medicare

The information in these following paragraphs applies to you when 1) you are **not** covered by either **Medicare Part A** (hospital insurance) or **Part B** (medical insurance), or both, 2) you are enrolled in this Plan as an annuitant or as a former spouse or family member covered by the family enrollment of an annuitant or former spouse, and 3) you are not employed in a position which confers FEHB coverage.

Inpatient hospital care

If you are not covered by **Medicare Part A**, are age 65 or older or become age 65 while receiving inpatient hospital services, and you receive care in a Medicare participating hospital, the law (5 U.S.C. 8904(b)) requires the Plan to base its payment on an amount equivalent to the amount Medicare would have allowed if you had Medicare Part A. This amount is called the equivalent Medicare amount. After the Plan pays, the law prohibits the hospital from charging you more for covered services than any deductibles, coinsurance, or copayments you owe under the Plan. Any coinsurance you owe will be based on the equivalent Medicare amount, not the actual charge.

Physician services

Claims for physician services provided for retired FEHB members, age 65 and older who do not have Medicare Part B are also processed in accordance with 5 USC 8904 (b). This law mandates the use of Medicare Part B limits for covered physician services for those members who are not covered by Medicare Part B.

The Plan is required to base its payment on the Medicare-approved amount (which is the Medicare fee schedule for the service), **or** the actual charge, whichever is lower. If your doctor is a member of the Plan's preferred provider organization (PPO) and participates with Medicare, the Plan will base its payment on the lower of these two amounts and you are responsible only for any deductible and the PPO copayment or coinsurance.

If you go to a PPO doctor who does not participate with Medicare, you are responsible for any deductible and the copayment or coinsurance. In addition, unless the doctor's agreement with the Carrier specifies otherwise, you must pay the difference between the Medicare-approved amount and the limiting charge (115% of the Medicare-approved amount).

If your physician is not a Plan PPO doctor but participates with Medicare, the Plan will base its regular benefit payment on the Medicare-approved amount. For instance, under this Plan's high option surgery benefit, the Plan will pay 85% of the Medicare-approved amount. You will only be responsible for any deductible and coinsurance equal to 15% of the Medicare-approved amount.

If your physician does not participate with Medicare, the Plan will still base its payment on the Medicare-approved amount. However, in most cases you will be responsible for any deductible, the coinsurance or copayment amount, **and** any balance, up to the limiting charge amount that a provider who does not participate with Medicare is legally permitted to bill under Medicare law (115% of the Medicare-approved amount).

Since a physician who participates with Medicare is only permitted to bill you up to the Medicare fee schedule amount even if you do not have Medicare, it is generally to your financial advantage to use a physician who participates with Medicare.

The Carrier's explanation of benefits (EOB) will tell you how much the hospital or physician can charge you in addition to what the Plan paid. If you are billed more than the hospital or physician is allowed to charge, ask the hospital or physician to reduce the bill. If you have already paid more than you have to pay, ask for a refund. If you cannot get a reduction or refund, or are not sure how much you owe, ask the Carrier for guidance.

General Exclusions

These exclusions apply to more than one or to all benefits categories. Exclusions that are primarily identified with a single benefit category are listed along with that benefit category, but may apply to other categories. Therefore, please refer to the specific benefit sections as well to assure that you are aware of all benefit exclusions.

Benefits are provided only for services and supplies that are medically necessary (see definition). The Carrier reserves the right to determine medical necessity. The fact that a covered provider has prescribed, recommended, or approved a service or supply does not, in itself, make it medically necessary.

Benefits will not be paid for services and supplies when:

- No charge would be made if the covered individual had no health insurance coverage
- Furnished without charge (except as described on page 9); while in active military service; or required for illness or injury sustained on or after the effective date of enrollment (1) as a result of an act of war within the United States, its territories, or possessions or (2) during combat
- Furnished by immediate relatives or household members, such as a spouse, parent, child, brother, or sister, by blood, marriage or adoption
- Furnished or billed by a provider or facility that has been barred from the FEHB Program
- Furnished or billed by a noncovered facility, except that medically necessary prescription drugs are covered
- For or related to sex transformation, sexual dysfunction or sexual inadequacy
- Not specifically listed as covered
- Investigational or experimental
- Not provided in accordance with accepted professional medical standards in the United States
- Provided in connection with a non-covered service

Benefits will not be paid for:

- Any portion of a provider's fee or charge ordinarily due from the enrollee but that has been waived. If a provider routinely waives (does not require the enrollee to pay) a deductible, copay or coinsurance, the Carrier will calculate the actual provider fee or charge by reducing the fee or charge by the amount waived
- Charges the enrollee or Plan has no legal obligation to pay, such as excess charges for an annuitant age 65 or older who is not covered by Medicare Parts A and/or B (see page 10), doctor charges exceeding the amount specified by the Department of Health and Human Services when benefits are payable under Medicare (limiting charge), or State premium taxes however applied
- Procedures, services, drugs and supplies related to abortions except when the life of the mother would be endangered if the fetus were carried to term or when the pregnancy is the result of an act of rape or incest.
- Routine preventive care, immunizations and all related expenses except as provided on page 18
- Treatment for weight control or reduction (except morbid obesity)
- Social, recreational and educational services or training
- Treatment of corns, calluses and foot subluxations
- Therapy for developmental delays, learning disabilities, stuttering, tongue thrusting or deviate swallowing
- Treatment of temporomandibular joint disorder
- Expenses incurred while not covered under this Plan
- Services rendered by Christian Scientist providers (including sanatoriums)
- Services rendered by massage therapists, rolfers, myotherapists, and trager clinics
- Services rendered by hypnotherapists, neuromuscular therapists and naturopaths
- Hospital benefits for admissions required for surgical procedures excluded by this Plan
- Interest, completion of claim forms, or similar administrative charges made by providers

Benefits

Inpatient Hospital Benefits

What is covered	The Plan pays for inpatient hospital services as shown below.	
Precertification	The medical necessity of your hospital admission must be precertified for you to receive full Plan benefits. Emergency admissions not precertified must be reported within two business days following the day of admission even if you have been discharged. Otherwise, the benefits payable will be reduced by \$500. See page 30 for details.	
Waiver	This precertification requirement does not apply to persons whose primary coverage is Medicare Part A or another health insurance policy or when the hospital admission is outside the United States and Puerto Rico. For information on when Medicare is primary, see pages 31 and 32.	
Room and board	The Plan pays the following for room and board (except for mental conditions or substance abuse treatment) for ward, semiprivate or intensive care. Special diets and general nursing care are included.	
POS benefit	Standard Option only - After a \$100 copay per admission, the Plan pays 100% of covered charges for services provided by a POS facility.	
PPO benefit	High Option - Plan pays full charges (no deductible). See page 7 for information on PPO hospitals.	Standard Option - After a \$350 per admission deductible, Plan pays full charges.
Non-PPO benefit	High Option - After a \$150 per admission deductible, Plan pays full charges.	Standard Option - After a \$600 per admission deductible, Plan pays 70% of covered charges.
	If a private room is used, both options will pay the average semiprivate rate charged by the hospital. If the hospital has private rooms only, the average semiprivate rate is determined on the basis of the semiprivate charge of the most comparable hospital in the area or the billed charge, whichever is less. If the patient's isolation is required to prevent contagion of others, the private room charge will be covered.	
Other charges	Hospital services and supplies, including, but not limited to, use of operating, treatment and recovery rooms; X-rays and lab tests; chemotherapy; drugs and medicines for use in the hospital; and blood or blood plasma not donated or replaced.	
POS benefit	Standard Option only - After a \$100 copay per admission, the Plan pays 100% of covered charges for services received from or ordered by a POS facility/provider.	
PPO benefit	High Option - Plan pays 100% of covered charges.	Standard Option - Plan pays 95% of covered charges.
Non-PPO benefit	High Option - Plan pays 85% for the first 30 days, then 100% of covered charges.	Standard Option - Plan pays 70% of covered charges.
Limited benefits		
Hospitalization for dental work	The Plan pays Inpatient Hospital Benefits for covered room and board charges and covered hospital services and supplies in connection with dental procedures only when a non-dental physical impairment exists that makes hospitalization necessary to safeguard the health of the patient.	
Weekend admissions	Benefits for hospital admissions on Friday or Saturday are limited to: (1) a medical emergency, (2) surgery performed within 24 hours of admission, or (3) a childbirth-related admission.	
Related Benefits		
Pre-admission testing	Preadmission testing is covered under Other Medical Benefits (page 18).	
Professional charges	Charges for professional services of a doctor or any other practitioner covered by this Plan, even though billed by a hospital as part of hospital services, are covered only under Other Medical Benefits (page 18), except for inpatient pathology and radiology charges, which are payable as described above under Other charges.	
Take-home items	Drugs, medical supplies, appliances, medical equipment and any other covered items billed by a hospital to be used at home are covered only under Other Medical Benefits (page 18).	

Inpatient Hospital Benefits *continued*

What is not covered

- Personal comfort items such as telephone and television, guest meals and beds, barber and beauty services.
- Custodial care (see definition, page 36).
- Room and board when the medical services did not require the acute hospital inpatient setting, but could have been provided safely on an outpatient basis; or in facilities that are primarily (1) convalescent nursing homes, hotels or homes for the aged whose primary purpose is to furnish custodial care; (2) operated as schools; or (3) places for drug addicts or alcoholics, except as provided for Substance abuse rehabilitation on page 17.
- Private duty nursing care while confined in a hospital
- Surcharges made by hospitals

The non-PPO benefits are the standard benefits of this plan. POS benefits apply only when you use a POS provider. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.

Surgical Benefits

What is covered

The Plan pays for the following services:

Hospital inpatient and outpatient POS benefit

For covered surgical procedures:

Standard Option only - After the \$100 copay applicable to inpatient hospital charges, the Plan pays **100%** of covered charges for surgical services received from a POS provider. After the \$50 copay applicable to outpatient facility charges, the Plan pays **100%** of covered charges for surgical services received from a POS provider. NOTE: POS benefits are available for the services of a specialist if: 1) the specialist is a POS provider and 2) a POS primary care physician has formally referred the patient to a POS specialist.

PPO benefit

Both Options - The Plan pays **95%** of the surgeon's negotiated rate (after the \$300 calendar year deductible has been met for Standard Option).

Non-PPO benefit

High Option - The Plan pays **85%** of the reasonable and customary allowance.

Standard Option - After the \$500 calendar year deductible has been met, the Plan pays **70%** of the reasonable and customary allowance.

Multiple surgical procedures

When multiple or bilateral surgical procedures that add time or complexity to patient care are performed during the same operative session, the Plan pays as follows

POS benefit

Standard Option only - After the \$100 copay applicable to inpatient hospital charges, the Plan pays **100%** of covered charges for surgical services received from a POS provider. After the \$50 copay applicable to outpatient facility charges, the Plan pays **100%** of covered charges for surgical services received from a POS provider.

PPO benefit

Both Options - The Plan pays **95%** of the surgeon's negotiated rate (after a \$300 calendar year deductible has been met for Standard Option) for the major procedure and no more than **50%** of the surgeon's negotiated rate for all subsequent procedures.

Non-PPO benefit

High Option - The Plan pays **85%** of the reasonable and customary allowance for the first or major procedure and **50%** of the reasonable and customary allowance for the second or lesser procedure(s).

Standard Option - After the \$500 calendar year deductible has been met, the Plan pays **70%** of the reasonable and customary allowance for the first or major procedure and **50%** of the reasonable and customary allowance for the second or lesser procedure(s).

Incidental procedures

Both Options - When an incidental procedure (e.g., incidental appendectomy, lysis of adhesions, excision of scar) is performed through the same incision, the reasonable and customary allowance will be that of the major procedure only.

Surgical Benefits *continued*

Assistant surgeon (inpatient/ outpatient) POS benefit

Standard Option only - After the \$100 copay applicable to inpatient hospital charges, the Plan pays **100%** of covered charges for assistant surgeon services received from a POS provider. After the \$50 copay applicable to outpatient facility charges, the Plan pays **100%** of covered charges for assistant surgeon services received from a POS provider.

PPO benefit

High Option - The Plan pays **20%** of the negotiated rate.

Standard Option - After the \$300 calendar year deductible has been met, the Plan pays assistant surgeons' fees up to **15%** of the negotiated rate.

Non-PPO benefit

High Option - Assistant surgeons' fees are payable up to **20%** of the reasonable and customary allowance for the surgery.

Standard Option - After the \$500 calendar year deductible has been met, the Plan pays assistant surgeons' fees up to **15%** of the reasonable and customary allowance for the surgery.

Second opinion (voluntary)

Second surgical opinions are covered under Other Medical Benefits.

Pre-surgical testing

Laboratory tests, pathology, radiology and X-rays related to surgery are paid as Other Medical Benefits (see page 18).

Anesthesia

POS benefit

Standard Option only - After the \$100 copay applicable to inpatient hospital charges, the Plan pays **100%** of covered charges for anesthesia services received from or ordered by a POS facility/provider. After the \$50 copay applicable to outpatient facility charges, the Plan pays **100%** of covered charges for anesthesia services received from or ordered by a POS facility/provider.

PPO benefit

Both Options - The Plan pays **95%** of the negotiated rate (after the \$300 calendar year deductible has been met for Standard Option).

Non-PPO benefit

High Option - The Plan pays **85%** of the reasonable and customary allowance.

Standard Option - After the \$500 calendar year deductible has been met, the Plan pays **70%** of the reasonable and customary allowance.

Organ/tissue transplants and donor expenses

This benefit applies only if the recipient is covered by the Plan. A recipient is a person insured by the Plan who undergoes a surgical procedure to receive a body organ/tissue transplant. A donor is a person who undergoes a surgical procedure for the purpose of donating a body organ(s)/tissue for transplant surgery. All reasonable and customary inpatient hospital and medical charges incurred for a surgical transplant, whether incurred by the recipient or donor, will be considered expenses of the recipient and will be covered the same as for any other illness or injury. Plan approval is required on all related expenses prior to the surgery. The charges for procurement of cadaver organs are also based on Plan approval.

Both Options - Transplant charges will be covered up to a \$100,000 maximum per transplant.

What is covered

Cornea, bone, heart, kidney, liver, pancreas, heart/lung, single lung and double lung transplants.

Bone marrow transplants and stem cell support as follows:

- Allogeneic bone marrow for acute leukemia, advanced Hodgkin's lymphoma, advanced non-Hodgkins lymphoma, advanced neuroblastoma (children over age one), aplastic anemia, chronic myelogenous leukemia, infantile malignant osteopetrosis, severe combined immunodeficiency, thalassemia major, and Wiskott-Aldrich syndrome
- Autologous bone marrow transplants (autologous stem cell and peripheral stem cell support) for the following conditions: acute lymphocytic or non-lymphocytic leukemia; advanced Hodgkins lymphoma and advanced non-Hodgkins lymphoma; advanced neuroblastoma; testicular, mediastinal, retroperitoneal and ovarian germ cell tumors; breast cancer; multiple myeloma; and epithelial ovarian cancer.

Related medical and hospital expenses of the donor are covered when the recipient is covered by the Plan.

Surgical Benefits *continued*

The Plan provides a Managed Transplant System (MTS) Program. If the member agrees to participate in this program, then charges for most of the above procedures are covered up to a maximum of \$300,000 per transplant. Included in this \$300,000 maximum is a travel and lodging allowance of \$8,000 for the recipient and one family member. Routine aftercare provided by the transplant center and its affiliated providers for one year after the transplant is also included. The MTS Program covers the following transplants: bone marrow, heart, kidney/pancreas, liver, heart/lung, single lung and double lung transplants.

What is not covered

- Donor screening tests for organ transplants, except those performed for the actual donor when the recipient is covered by the Plan.
- Services or supplies for or related to organ/tissue transplants for any diagnosis not specifically listed as covered including chemotherapy and/or radiation therapy when supported by allogeneic or autologous bone marrow or stem cell transplants, drugs or medications administered to stimulate or mobilize stem cells for transplant, and all other services or supplies which would not be medically necessary or appropriate but for the non-covered procedure.
- Islet of Langerhans, artificial heart and other transplants not listed as covered.
- Allogeneic and autologous bone marrow and stem cell transplants for solid tumors except as noted above.

Oral and maxillofacial surgery

The following procedures are covered as shown on page 13:

- Reduction of fractures of the jaw or facial bones
- Surgical correction of cleft lip, cleft palate or severe functional malocclusion
- Removal of stones from salivary ducts
- Excision of tori, leukoplakia or malignancies
- Excision of cysts and incision of abscesses not involving the teeth
- Removal of impacted teeth

When multiple or bilateral oral maxillofacial surgical procedures that add time or complexity to patient care are performed during the same operative session, the Plan pays the same benefits as indicated under Multiple surgical procedures for the above listed procedures except that removal of impactions are paid at the reasonable and customary allowance for each procedure performed. Procedures that involve teeth or their supporting structures (such as the periodontal membrane, gingiva and alveolar bone) are considered dental treatment rather than oral surgery. For covered dental treatment, see pages 22 through 25.

What is not covered

- Eye surgery, such as radial keratotomy, when the primary purpose is to correct myopia, hyperopia, or astigmatism; eye exercises and orthoptics (visual training)
- Cosmetic surgery and all related expenses except for the correction of congenital anomalies, repair following an accidental injury sustained while covered under the FEHB Program or breast reconstruction following a mastectomy
- Injections of silicone, collagens and similar substances
- All procedures associated with treatment of temporomandibular disorders

The non-PPO benefits are the standard benefits of this plan. POS benefits apply only when you use a POS provider. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.

Maternity Benefits

What is covered

Inpatient hospital

Precertification

The Plan pays the same benefits for hospital, surgery (delivery), laboratory tests and other medical expenses as for illness or injury.

The medical necessity of your hospital admission must be precertified for you to receive full Plan benefits. Unscheduled or emergency admissions not precertified must be reported within two business days following the day of admission even if you have been discharged. Newborn admissions that extend beyond the mother's discharge must be precertified. If any of the above are not done, the benefits payable will be reduced by \$500. See page 30 for details.

Room and board

Plan pays room and board charges for ward, semiprivate or intensive care.

POS benefit

Standard Option only - After the \$100 copay per admission, the Plan pays **100%** of covered charges for services provided by a POS facility.

PPO benefit

High Option - Plan pays full charges (no deductible).
See page 7 for information on PPO hospitals.

Standard Option - After a \$350 per admission deductible, Plan pays full charges.

Non-PPO benefit

High Option - After a \$150 per admission deductible, Plan pays full charges.

Standard Option - After a \$600 per admission deductible, Plan pays **70%** of covered charges.

Other charges

POS benefit

Standard Option only - After the \$100 copay per admission, the Plan pays **100%** of covered charges for services received from or ordered by a POS facility/provider.

PPO benefit

High Option - Plan pays **100%** of covered charges.

Standard Option - Plan pays **95%** of covered charges.

Non-PPO benefit

High Option - The Plan pays **85%** for the first 30 days, then **100%** of covered charges.

Standard Option - The Plan pays **70%** of covered charges.

Hospital bassinet and nursery charges for days on which both mother and child would normally be confined following delivery are considered hospital expenses of the mother, not the child. When a newborn requires definitive treatment or evaluation for medical or surgical reasons, during or after the mother's stay, the newborn is considered a patient in his or her own right and a separate per admission deductible applies. Expenses of the newborn are payable only if the child is covered under a Self and Family enrollment.

Stand-by doctor charges will be covered only if medically necessary treatment is actually rendered to the child by the doctor.

Outpatient care

Facility charges for an outpatient delivery or delivery at a birthing center are covered as outpatient surgery under Other Medical Benefits.

Obstetrical care

POS benefit

Standard Option only - After the \$100 copay applicable to inpatient hospital charges, the Plan pays **100%** of covered charges for obstetrical services received from a POS provider. After the \$50 copay applicable to outpatient facility charges, the Plan pays **100%** of covered charges for obstetrical services received from a POS provider.

PPO benefit

Both Options - The Plan pays **95%** of the negotiated rate (after the \$300 calendar year deductible has been met for Standard Option).

Non-PPO benefit

High Option - The Plan pays **85%** of the reasonable and customary allowance.

Standard Option - After the \$500 calendar year deductible has been met, the Plan pays **70%** of the reasonable and customary allowance.

Related benefits

Diagnosis and treatment of infertility

Covered under Other Medical Benefits subject to Plan approval. See page 18.

Pregnancy risk management program

Covered under Other Medical Benefits subject to Plan approval. See page 18.

Voluntary sterilization

Covered under Surgical Benefits. See page 13.

For whom

Benefits are payable under Self Only enrollments and for family members covered under Self and Family enrollments.

Maternity Benefits *continued*

What is not covered

- Assisted Reproductive Technology (ART) procedures such as artificial insemination, in vitro fertilization, embryo transfer and Gamete Intrafallopian Transfer (GIFT), as well as services and supplies related to ART procedures, are not covered.
- Contraceptive drugs (including oral and injectable contraceptives and implanted contraceptives, such as Norplant) and devices
- Reversal of voluntary surgical sterilization and all related expenses

The non-PPO benefits are the standard benefits of this plan. POS benefits apply only when you use a POS provider. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.

Mental Conditions/Substance Abuse Benefits

What is covered

POS and PPO benefits do not apply to Mental Conditions/Substance Abuse Benefits. The Plan pays for the following services:

Mental conditions

Inpatient care

High Option - After a \$500 calendar year deductible Plan pays **70%** of remaining covered charges for inpatient room and board and other hospital charges.

Standard Option - After a \$500 calendar year deductible, Plan pays **50%** of remaining covered charges for inpatient room and board and other hospital charges.

Precertification

The medical necessity of your admission to a hospital or other covered facility must be precertified for you to receive full Plan benefits. Emergency admissions must be reported within two business days following the day of admission even if you have been discharged. Otherwise, the benefits payable will be reduced by \$500. See page 30 for details.

Inpatient visits

High Option - After the \$275 calendar year deductible, doctors inpatient services are payable at **80%** of covered charges.

Standard Option - After the \$300 per person/\$600 per family mental conditions calendar year deductible, doctors inpatient services are payable at **50%** of covered charges.

Day Treatment

Both Options - The Plan provides benefits for day treatment, subject to the Plan's approval, limited to the Plan's inpatient benefits of **70%** for High Option and **50%** for Standard Option for all eligible expenses after the \$500 calendar year deductible. Day treatment is also known as transitional care or partial hospitalization.

Catastrophic protection

High Option - After out-of-pocket expenses for covered room and board and other hospital charges reach \$4,000 per person per calendar year, the Plan will pay remaining covered charges for such expenses during that year at **100%** up to the calendar year maximum.

Standard Option - After out-of-pocket expenses for covered room and board and other hospital charges reach \$8,000 per person per calendar year the Plan will pay remaining covered charges for such expenses during that year at **100%** up to the calendar year maximum.

Calendar year maximum

Benefits for the inpatient treatment of mental conditions are limited to a calendar year maximum of \$50,000 including such benefits paid under Other Medical Benefits.

Outpatient care

High Option - After the \$275 calendar year deductible, Plan pays **50%** of the reasonable and customary allowance, up to \$100 per visit, for office visits for the treatment of mental conditions. Outpatient benefits are limited to a maximum Plan payment of \$1,000 per calendar year.

Standard Option - After the \$300 mental conditions calendar year deductible, Plan pays **50%** of the reasonable and customary allowance, up to \$100 per visit, for office visits for the treatment of mental conditions. Outpatient benefits are limited to a maximum Plan payment of \$1,000 per calendar year.

Substance abuse

Both Options - After satisfaction of a \$500 calendar year deductible, the Plan pays **70%**, up to annual maximum, of the remaining covered charges for room and board and other charges made by a hospital or rehabilitation facility for treatment of alcohol or drug abuse, including outpatient services and supplies.

Benefits for the treatment of substance abuse are limited to a maximum Plan payment of \$3,500 per person per calendar year.

Precertification

Precertification requirements described above apply to all admissions for treatment of substance abuse.

What is not covered

- Treatment of learning disabilities
- Treatment related to marital discord
- Personal comfort items such as telephone and television, guest meals and beds, barber and beauty services
- Custodial care (see page 36)

Other Medical Benefits

What is covered

POS benefit

Standard Option only - After the \$100 copay applicable to inpatient hospital charges, the Plan pays **100%** of covered charges for inpatient medical care services received from a POS provider. After the \$50 copay applicable to outpatient facility charges and emergency room charges (non-accidental injury), the Plan pays **100%** of covered charges for medical services received from a POS provider. After a \$20 copay for each access to a POS provider's care, the Plan pays **100%** of covered charges for medical care received from a POS provider. NOTE: POS benefits are available for the services of a specialist if: 1) the specialist is a POS provider and 2) a POS primary care physician has formally referred the patient to a POS.

PPO benefit

High Option - After the \$275 calendar year deductible has been met, the Plan pays **95%** of eligible expenses for the services listed on this page:

Standard Option - After the \$300 calendar year deductible has been met, the Plan pays **95%** of eligible expenses for the services listed on this page except for home and office visits. After a \$20 co-payment per visit, the Plan pays **100%** for home and office visits, including medical care other than x-rays, labs and surgeries rendered by the doctor during the visit.

Non-PPO benefit

High Option - After the \$275 calendar year deductible has been met, the Plan pays **80%** of eligible expenses for the following:

Standard Option - After the \$500 calendar year deductible has been met, the Plan pays **70%** of eligible expenses for the following:

- Home, office and hospital visits and other medical care
- Hospital services: outpatient/emergency room services and supplies including those related to services covered under Dental Benefits
- Anesthesia and its administration for non-surgical procedures (see page 14 for benefits in conjunction with surgery)
- Allergy treatment, serum, and injections
- Blood transfusions, including blood, plasma and blood plasma expanders
- Radiation therapy and chemotherapy
- Home IV therapy
- Diagnostic X-ray, and laboratory tests, including electrocardiogram, electroencephalogram, radioisotope other machine testing and preadmission diagnostic testing.
- Diagnosis and treatment of infertility when approved by the Plan (see page 17 for exclusions)
- Pregnancy risk management programs when approved by the Plan
- Renal Dialysis
- Physical, occupational and speech therapy, when prescribed by a doctor and rendered by a qualified professional therapist is payable up to a total of 40 visits under High Option and 24 visits under Standard Option per calendar year. Each type of therapy rendered is considered a separate visit. Speech therapy is payable only if services are provided to restore speech is due to disease, illness, or injury.

Routine services

In addition to coverage of diagnostic X-ray, laboratory and pathology services and machine diagnostic tests, the following routine (screening) services are covered as preventive care:

Physical exams

Routine physicals, including a complete history and workup, are covered once every two years for members age 13 through 39 and once every year for those age 40 and above.

What is not covered

Physical exams for school, sports, employment or travel

Breast cancer screening

Mammograms are covered for women age 35 and older as follows:

- From age 35 through 39, one mammogram screening during this five year period
- From age 40 through 49, one mammogram screening every two consecutive calendar years
- From age 50 through 64, one mammogram screening every calendar year
- At age 65 or older, one mammogram screening every two consecutive calendar years

Cervical cancer screening

- Annual coverage of one pap smear for women age 18 and older

Colorectal cancer screening

- Annual coverage of one fecal occult blood test for members age 40 and older

Prostate cancer screening

- Annual coverage of one PSA (Prostate Specific Antigen) test for men age 40 and older

The non-PPO benefits are the standard benefits of this plan. POS benefits apply only when you use a POS provider. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.

Other Medical Benefits *continued*

POS and PPO benefits do not apply to Other services or Limited benefits.

Other services

- Disposable needles and syringes.
- Oxygen and equipment for its administration.
- Local professional ambulance service associated with covered hospital inpatient care or when related to, and within 72 hours after, an accidental injury or medical emergency or during covered home health care.
- Insulin and diabetic supplies (such as needles, syringes and test materials).
- Orthopedic braces and prosthetic appliances such as artificial limbs and eyes when ordered by a doctor, including replacement when required by a change in the patient's condition, and expenses for repair and adjustment.

Limited benefits

Nursing services and home health care

Benefits are provided for private duty nursing care performed outside the hospital by a registered nurse (R.N.), licensed practical nurse (L.P.N.), or licensed vocational nurse (L.V.N.); and for part-time or intermittent nursing care furnished during home visits by an R.N., L.P.N., L.V.N. and home health aides that are part of a home health care plan that starts within 36 hours after discharge from a covered hospital confinement.

A doctor must certify in writing as to the (1) length of time such care is needed, (2) specific professional skills required by the patient and (3) medical necessity for the skilled service. In addition, for benefits to be paid for home visits, the doctor must certify that further inpatient care would be required if home health care were not given and the home health care plan must be coordinated by the hospital and the covered services billed for by a health care provider organization (such as a hospital or a home health care agency). The Plan may request nursing notes.

Benefits for nursing services and home health care are limited to a maximum Plan payment of \$10,000 per person per calendar year.

What is not covered Nursing care primary for custodial care (see page 36)

Smoking cessation benefit

After satisfaction of the calendar year deductible, the Plan will pay up to \$100 for enrollment in one smoking cessation program, including any related prescription drugs, per member per lifetime. Smoking cessation drugs and medications, including nicotine patches, are not available under any other Plan provisions. Benefits will be paid directly to the enrollee upon submission of a completed claim form and bill.

Supplies

The following supplies are covered under specific circumstances:

- Hearing aids, including exams and adjustments to hearing devices, if required to correct a hearing impairment caused by surgery or injury and obtained within 120 days thereof
- One pair of eyeglasses or contact lenses, including exams, if required to correct impairment directly caused by accidental ocular injury or intraocular surgery (such as removal of cataracts) and obtained within one year of the injury or surgery
- Surgical bras, limited to one bra per operative session, are covered when a mastectomy has been performed

What is not covered

- Eyeglasses, contact lenses (including their replacements and spares), special tinting, and related examinations and tests (except as provided above)
- Eye exercises and orthoptics (visual training)
- Sun or heat lamps; heating pads; air conditioners, purifiers and humidifiers; exercise, safety, computer, communication and convenience equipment; stair glides, ramps, liftchairs, elevators and other modifications or alterations to vehicles or households; whirlpools, saunas and similar household items; other items that do not meet the definition of durable medical equipment (see page 36)
- Travel, transportation, convalescent care or rest cures
- Orthopedic and corrective shoes, arch supports, foot orthotics and other supportive foot devices; elastic stockings and support hose
- Hearing aids, and related examinations and tests (except as provided above); batteries, glasses or ocular exams if part of hearing device; repairs or replacements of hearing devices
- Services and supplies for cosmetic purposes such as Rogaine or wigs
- Chelation therapy, except for acute arsenic, gold, lead, or mercury poisoning
- Maintenance cardiac rehabilitation and exercise programs

Additional Benefits

Accidental injury	Both Options pay 100% of eligible charges for non-surgical outpatient treatment rendered within 72 hours of an accidental injury (see page 36).
Chiropractic services	Chiropractic treatment is payable for up to \$15 per visit under High Option , not to exceed 25 visits per calendar year, and up to \$10 per visit under Standard Option , not to exceed 12 visits per calendar year.
Durable Medical Equipment	Both Options - Plan covers the rental, repair or purchase (at Plan's option) of durable medical equipment; see definition on page 36. Purchase of durable medical equipment must be pre-approved by the Plan. For durable medical equipment supported by a letter of medical necessity, the Plan pays up to 75% of the allowable charge. Total allowed charges are limited to the negotiated purchase price available to the Plan.
Hospice care	<p>Both Options pay: (1) 100% of covered charges up to \$2,000 for each period of care for outpatient care from a hospice care program; (2) \$150 per day up to \$3,000 for each period of care for inpatient care in a hospice.</p> <p>These benefits will be paid if the hospice care program begins after a person's primary doctor certifies terminal illness and life expectancy of six months or less, and if any service or inpatient hospice stay that is a part of the program is:</p> <ul style="list-style-type: none">• ordered by the supervising doctor,• charged by the hospice care program, and• provided within six months from the date the person entered (or re-entered after a period of remission) a hospice care program.
Remission	A remission is the halt or actual reduction in the progression of illness resulting in discharge from a hospice care program with no further expenses incurred. A readmission within three months of a prior discharge is considered as part of the same period of care. A new period begins three months after a prior discharge with maximum benefits available.
Bereavement benefit	Both Options pay \$200 for family bereavement counseling and supportive services if the covered family members receive these services from a hospice care program within three months following the death of a covered family member who received hospice care benefits under the Plan.
Immunizations	
Childhood	Both Options pay 100% of covered charges for childhood immunizations recommended by the American Academy of Pediatrics for dependent children under age 22.
Age 65 and over	Both Options pay 100% of covered charges for one annual influenza and one annual pneumococcal vaccine.
Skilled nursing facilities	When Medicare Part A is primary payer (it pays first) and has made payment, Both Options provide secondary benefits for the applicable Medicare Part A copayments in full.
Well child care	Well child care (including blood lead level screenings and routine office visits, lab, and X-rays) for children through age 12 is payable up to \$150 per child for High Option and up to \$125 per child for Standard Option per calendar year.

Prescription Drug Benefits

What is covered	You may purchase the following medications and supplies prescribed by a doctor from either a pharmacy or by mail: <ul style="list-style-type: none">• Drugs that by Federal law of the United States require a doctor's prescription for their purchase• Insulin• Needles and syringes for the administration of covered medications	
What is not covered	<ul style="list-style-type: none">• Contraceptive drugs and devices, including Norplant• Medical supplies such as dressings and antiseptics• Drugs for cosmetic purposes• Medication that does not require a prescription under Federal law even if your doctor prescribes it or state law requires it• Nutritional supplements; vitamins and minerals• Drugs to aid in smoking cessation other than those covered under the Smoking cessation benefit.	
From a pharmacy	You may purchase up to a 30-day supply of covered drugs or supplies from participating retail pharmacies (PAID Direct) or from other retail pharmacies. Call Postmasters Benefit Plan at 703/683-5585 to locate a PAID Direct pharmacy in your area.	
Participating retail pharmacy	High Option - After the \$275 calendar year deductible, the Plan pays 80% of the discounted cost.	Standard Option - You pay to the pharmacy a \$10 copayment for generic and a \$20 copayment for name brand drugs per prescription or refill. The Plan will pay the remainder of the discounted cost.
Non-participating retail pharmacy	High Option - After the \$275 calendar year deductible, the Plan pays 80% of the eligible charge.	Standard Option - After the \$500 calendar year deductible, the Plan pays 70% of the eligible charge.
To claim benefits	Obtain a receipt when you use a non-participating pharmacy. Receipts must include the prescription number, name of drug, prescribing doctor's name, date, name and address of pharmacy or store where drug was purchased, patient's name and charge. Canceled checks or cash register receipts are not acceptable. Use a HCFA-1500 claim form to claim benefits for prescription drugs and supplies you purchase. You may obtain these forms by calling 703/683-5585. Mail it to Postmasters Benefit Plan, 1019 North Royal Street, Alexandria, VA 22314-1596.	
Waiver	When Medicare Part B is the primary payer , the Plan waives the \$275 High Option deductible and coinsurance. Under the Standard Option, for non-participating pharmacies, the Plan waives all but \$50 of the OMB deductible and pays 70% . The coinsurance for non-participating pharmacies is not waived. The copayments for participating pharmacies (\$10 or \$20) are not waived.	
By mail	You may purchase up to a 90-day supply of maintenance drugs through the Mail Order Drug Program. All drugs and supplies listed above are covered except for those that require constant refrigeration, are too heavy to mail, or that must be administered by doctors in a clinical setting. Under the Mail Order Drug Program, if a generic equivalent to the prescribed drug is available, National Pharmacy will dispense the generic equivalent instead of the name brand unless your doctor specifies that the name brand is required. You pay \$5 for generic and \$12 for name brand drugs under High Option or \$10 for generic and \$20 for name brand drugs under Standard Option per prescription or refill. No deductible or waiver apply.	
Prescriber's choice program	When your mail order prescription is received it will be reviewed to determine if it is a prescription that could be replaced with a more cost effective alternative medication or "preferred drug". A pharmacist will contact your doctor and identify the cost effective alternative medication that is available. If your doctor agrees to change your medication to this preferred drug at the time your prescription is filled, you will be sent a check for one half the amount of your applicable mail order drug copay.	
To claim benefits	The Plan will send you information on the Mail Order Drug Program. To use the Program: (1) Complete the initial mail order form. (2) Enclose your prescription and copayment. (3) Mail your order to National Pharmacy. (4) Allow approximately two weeks for delivery. You'll receive forms for refills and future prescription orders each time you receive drugs or supplies under this Program. In the meantime, if you have any questions about a particular drug or a prescription, you may call National Pharmacy toll-free: 1-800-631-7780. To request order forms, you may call toll-free: 1-800-631-7780 or the Plan at 1-703-683-5585.	

Dental Benefits

What is covered

The Plan will pay actual charges up to the amount specified in the Schedule of dental allowances under both Standard and High Options.

Both Options Accidental injury to teeth

The Plan pays covered charges up to the High Option Schedule of dental allowances for repair of accidental injury (see page 36) to sound natural teeth if the repair is initiated within six months after the accident. Benefits for such dental treatment are further limited to charges incurred (see page 37) during the 24-month period immediately following the accident. Masticatory damage from chewing or biting is not considered an accidental injury for purposes of this provision.

High Option Basic services

After satisfaction of a \$30 dental deductible, the Plan pays covered charges for basic services up to the applicable limit shown in the Schedule of dental allowances on pages 22 and 23.

Major services

After the \$30 dental deductible the Plan pays covered charges up to a percentage of the applicable limit shown in the Schedule of dental allowances on page 24. This percentage depends upon the number of calendar years the member has been continuously enrolled under the High Option of this Plan, as follows: first calendar year, **50%** of scheduled limit; second calendar year, **75%** of scheduled limit; thereafter, **100%** of scheduled limit.

The maximum benefit payable for any calendar year is \$800 per person, \$2,000 per family. Only scheduled limits shown in the Schedule of dental allowances may be applied toward the dental deductible or the maximums payable.

The following Schedule of dental allowances is a partial list of dental services available under the High Option. All eligible dental procedures may not appear. Should you have a question concerning the eligibility of a service not listed, please contact the Plan.

If a dental service is performed that is not in the schedule, but the schedule contains one or more other services that under customary dental practices are suitable for the condition being treated, then, for the purpose of this coverage, the least expensive of the suitable services listed will be considered to have been performed.

Note: The Plan pays actual charges up to the scheduled limits.

High Option basic services

ADA Code	Diagnostic	Scheduled Limit
0120	Periodic oral evaluation (routine exams limited to two per year)	6.50
0140	Limited oral evaluation-problem focused	6.50
0150	Comprehensive oral evaluation	9.00
0160	Detailed and extensive oral evaluation-problem focused, by report	11.00
0210	Intraoral, complete series including bitewings (limited to one every three years)	23.00
0220	Intraoral, periapical first film	3.50

7110	Extraction, single tooth	12.50
7120	Extraction, each additional tooth	7.50
7210	Surgical removal of erupted tooth requiring elevation of mucoperiosteal flap and removal of bone and/or section of tooth	19.00

Related benefit

Oral and maxillofacial surgery

For covered oral and maxillofacial surgery, see page 15.

What is not covered

- Services and supplies furnished by other than a licensed dentist, except for a prophylaxis (cleaning) which may be performed by a licensed dental hygienist working under the supervision of a dentist or in an accredited school of dentistry
- Dental services and supplies for which other benefits are payable under this Plan
- Replacement of bridges, dentures or appliances within five years of coverage of previous placement by this Plan
- Fluorides for home use
- Dental implants
- Any dental service or supply for cosmetic purposes
- Training in preventive care, oral hygiene or dietary practices
- Orthodontic treatment

How to Claim Benefits

Claim forms and identification cards

If you do not receive your identification card(s) within 60 days after the effective date of your enrollment, call the Carrier at 703/683-5585 to report the delay. In the meantime, use your copy of the SF 2809 enrollment form or your annuitant confirmation letter from OPM as proof of enrollment when you obtain services. This is also the number to call for claim forms or advice on filing claims.

If you made your open season change by using Employees Express and have not received your new ID card by the effective date of your enrollment, call the Employee Express HELP number to request a confirmation letter. Use that letter to confirm your new coverage with providers.

How to file claims

Claims filed by your doctor that include an assignment of benefits to the doctor are to be filed on the form HCFA-1500, Health Insurance Claim Form. The claim form must be signed to authorize release of medical information and assignment of benefits. A "Signature on File" is acceptable. Claims submitted by enrollees may be submitted on the HCFA 1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Name of patient and relationship to enrollee
- Plan identification number of enrollee
- Name and address of person or firm providing the service or supply
- Provider's tax identification number (needed for assigned claims and PPO providers)
- Dates that services or supplies were furnished
- Type of each service or supply and the charge
- Diagnosis

In addition:

- All requests for additional information needed by the Plan should be responded to promptly.
- For claims under Other Medical Benefits, the attending doctor must complete a doctor's statement.
- A copy of the explanation of benefits (EOB) from any primary payer (such as Medicare) must be sent with your claim.
- Bills for private duty nurses must show that the nurse is a registered or licensed practical nurse and should include nursing notes.
- Claims for rental or purchase of durable medical equipment, private duty nursing, and physical, occupational and speech therapy require a written statement from the doctor specifying the medical necessity for the service or supply and the length of time needed.
- Claims for overseas (foreign) services should include an English translation. Charges should be converted to U.S. dollars using the exchange rate applicable at the time the expense was incurred.
- For dental claims, complete the member's section of the claim form and give it to the dentist to complete the remainder.
- For prescription drug claims, see page 21.

Canceled checks, cash register receipts or balance due statements are not acceptable.

After completing and signing a claim form and attaching proper documentation, send claims to:

Postmasters Benefit Plan
1019 North Royal Street
Alexandria, VA 22314-1596
Telephone 703/683-5585

Records

Keep a separate record of the medical expenses of each covered family member as deductibles and maximum allowances apply separately to each person. Save copies of all medical bills, including those you accumulate to satisfy a deductible. In most instances, they will serve as evidence of your claim. The Carrier will not provide duplicate or year end statements.

Submit claims promptly

When covered expenses exceed the deductible, complete a claim form, attach itemized bills, and send them to the Plan. Claims for out-of-hospital benefits should not be submitted more often than quarterly. To avoid denial, all claims must be submitted no later than December 31 of the calendar year in which the covered service was provided, unless timely filing was prevented by administrative operations of Government or legal incapacitation, provided the claim was submitted as soon as reasonably possible. If the Plan returns a claim or part of a claim for additional information, it must be resubmitted within 90 days, or before the timely filing period expires, whichever is later.

Direct payment to hospital or provider of care

To authorize direct payment to a hospital, doctor, or dentist, complete the authorization on the claim form or on the assignment form furnished by the hospital, doctor, or dentist.

How to Claim Benefits *continued*

When more information is needed

Confidentiality

Reply promptly when the Carrier requests information in connection with a claim. If you do not respond, the Carrier may delay processing or limit the benefits available.

Medical and other information provided to the Carrier, including claim files is kept confidential and will be used only: 1) by the Carrier and its subcontractors for internal administration of the Plan, coordination of benefit provisions with other plans and subrogation of claims; 2) by law enforcement officials with authority to investigate and prosecute alleged civil or criminal actions; 3) by OPM to review a disputed claim or perform its administration functions; 4) by OPM and the General Accounting Office when conducting audits as required by the FEHB law; or 5) for bona fide medical research or education. Medical data that does not identify individual members may be disclosed as a result of the bona fide medical research or education.

Disputed claims review

Reconsideration

If a claim for payment is denied by the Carrier, you must ask the Carrier, in writing, within six months of the date of the denial, to reconsider its decision before you request a review by OPM. (This time limit may be extended if you show you were prevented by circumstances beyond your control from making your request within the time limit.) OPM will not review your request unless you demonstrate that you gave the Carrier an opportunity to reconsider your claim. Before you ask the Carrier to reconsider, you should first check with your provider or facility to be sure that the claim was filed correctly. For instance, did they use the correct procedure code for the service(s) performed (surgery, laboratory test, X-ray, office visit, etc.)? Indicate any complications of any surgical procedure(s) performed. Include copies of an operative or procedure report, or other documentation that supports your claim. Your written request to the Carrier must state why, based on specific benefit provisions in this brochure, you believe the denied claim for payment should have been paid.

Within 30 days after receipt of your request for reconsideration, the Carrier must affirm the denial in writing to you, pay the claim, or request additional information that is reasonably necessary to make a determination. If the Carrier asks a provider for information it will send you a copy of this request at the same time. The Carrier has 30 days after receiving the information to give its decision. If this information is not supplied within 60 days, the Carrier will base its decision on the information it has on hand.

OPM review

If the Carrier affirms its denial, you have the right to request a review by OPM to determine whether the Carrier's actions are in accordance with the terms of its contract. You must request the review within 90 days after the date of the Carrier's letter affirming its initial denial.

You may also ask OPM for a review if the Carrier fails to respond within 30 days of your written request for reconsideration or 30 days after you have supplied additional information to the Carrier. In this case, OPM must receive a request for review within 120 days of your request to the Carrier for reconsideration or of the date you were notified that the Carrier needed additional information, either from you or from your doctor or hospital.

This right is available only to you or the executor of a deceased claimant's estate. Providers, legal counsel, and other interested parties may act as your representative only with your specific written consent to pursue payment of the disputed claim. OPM must receive a copy of your written consent with their request for review.

Your written request for an OPM review must state why, based on specific benefit provisions in this brochure, you believe the Carrier should have paid the denied claim. If the Carrier has reconsidered and denied more than one unrelated claim, clearly identify the documents for each claim.

Your request must include the following information or it will be returned by OPM:

- A copy of your letter to the Carrier requesting reconsideration;
- A copy of the Carrier's reconsideration decision (if the Carrier failed to respond, provide instead (a) the date of your request to the Carrier, or (b) the dates the Carrier requested and you provided additional information to the Carrier);
- Copies of documents that support your claim (such as doctors' letters, operative reports, bills, medical records, explanation of benefit (EOB) forms; and
- Your daytime phone number.

Medical documentation received from you or the Carrier during the review process becomes a permanent part of the disputed claim file, subject to the provisions of the Freedom of Information Act and the Privacy Act.

Send your request for review to: Office of Personnel Management, Office of Insurance Programs, Contracts Division 2, P.O. Box 436, Washington, DC 20044.

How to Claim Benefits *continued*

You (or a person acting on your behalf) may not bring a lawsuit to recover benefits on a claim for treatment, services, supplies or drugs covered by this Plan until you have exhausted the OPM review procedure, established at section 890.105, title 5, Code of Federal Regulations (CFR). If OPM upholds the Carrier's decision on your claim, and you decide to bring a lawsuit based on the denial, the lawsuit must be brought no later than December 31 of the third year after the year in which the services or supplies upon which the claim is predicated were provided. Pursuant to section 890.107, title 5, CFR, such a lawsuit must be brought against the Office of Personnel Management in Federal court.

Federal law exclusively governs all claims for relief in a lawsuit that relates to this Plan's benefits or coverage or payments with respect to those benefits. Judicial action on such claims is limited to the record that was before OPM when it rendered its decision affirming the Carrier's denial of the benefit. The recovery in such a suit is limited to the amount of benefits in dispute.

Privacy Act statement

If you ask OPM to review a denial of a claim for payment or service, OPM is authorized by chapter 89 of title 5, U.S.C., to use the information collected from you and the Carrier to determine if the Carrier has acted properly in denying you the payment or service, and the information so collected may be disclosed to you and/or the Carrier in support of OPM's decision on the disputed claim.

Protection Against Catastrophic Costs

Catastrophic protection

For those services with coinsurance, the Plan pays **100%** of reasonable and customary charges for the remainder of the calendar year after out-of-pocket expenses for the coinsurances and deductible shown below for that calendar year exceed \$2,500 under **High Option** and \$6,700 (\$3,000 if using PPO providers) under **Standard Option** for you and any covered family members.

Out-of-pocket expenses for the purposes of this benefit are:

High Option

- The 20% you pay for Other Medical Benefits or 5% if using a PPO;
- The 15% you pay for Inpatient Hospital Benefits;
- The 15% you pay for Surgical benefits or 5% if using a PPO; and
- The 25% you pay for rental, repair or purchase of durable medical equipment
- The \$275 calendar year deductible.

Standard Option

- The 30% you pay for Other Medical Benefits or 5% if using a PPO;
- The 30% you pay for Inpatient Hospital Benefits; or 5% if using a PPO;
- The 30% you pay for Surgical benefits or 5% if using a PPO; and
- The 25% you pay for rental, repair or purchase of durable medical equipment
- The \$300 (PPO) and \$500 (Non-PPO) calendar year deductible.

The following cannot be counted toward out-of-pocket expenses:

- Copayments
- Expenses in excess of reasonable and customary allowances or maximum benefit limitations;
- Expenses for mental conditions, substance abuse or dental care and the inpatient hospital deductible; and
- Any amounts you pay because benefits have been reduced for non-compliance with this Plan's cost containment requirements (see page 30).

Mental conditions catastrophic protection

High Option

After the \$500 deductible is met, the Plan pays 100% of the reasonable and customary charges for the remainder of the calendar year up to the calendar year maximum of \$50,000 if out-of-pocket expenses for inpatient mental conditions care total \$4,000 for the covered person in that calendar year.

Standard Option

After the \$500 deductible is met, the Plan pays 100% of the reasonable and customary charges for the remainder of the calendar year up to the calendar year maximum of \$50,000 if out-of-pocket expenses for inpatient mental conditions care total \$8,000 for the covered person in that calendar year.

Carryover

If you changed to this Plan during open season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you got in January **before** the effective date of your coverage in this Plan. If you already met the covered out-of-pocket maximum expense level in full, your old plan's catastrophic protection benefit will continue to apply until the effective date. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date. The old plan will pay these covered expenses according to this year's benefits; benefit changes are effective on January 1.

Other Information

Precertification

Precertify before admission

Precertification is not a guarantee of benefit payments. Precertification of an inpatient admission is a predetermination that, based on the information given, the admission meets the medical necessity requirements of the Plan. It is your responsibility to ensure that precertification is obtained. If precertification is not obtained and benefits are otherwise payable, benefits for the admission will be reduced by \$500.

To precertify a scheduled admission:

- You, your representative, your doctor or your hospital must call HealthCare COMPARE CORP., prior to admission. The toll-free number is 1-800-654-6530.
- Provide the following information: enrollee's name and Plan identification number; patient's name, birth date and phone number; reason for hospitalization; proposed treatment or surgery; name of hospital or facility; name and phone number of admitting doctor; and number of planned days of confinement.

HealthCare COMPARE CORP., will then tell the doctor and hospital the number of approved days of confinement for the care of the patient's condition. Written confirmation of the Carrier's precertification decision will be sent to you, your doctor, and the hospital. If the length of stay needs to be extended, follow the procedures below.

Need additional days?

If any additional days are required, your doctor or the hospital must call the above number and request certification of additional days. If the admission is precertified but you remain confined beyond the number of days certified as medically necessary, the Plan will not pay for charges incurred on any extra days that are determined to not be medically necessary by the Carrier during the claim review.

You don't need to certify an admission when:

- Medicare Part A, or another group health insurance policy, is the primary payer for the hospital stay (see pages 31-32). Precertification is required, however, when Medicare hospital benefits are exhausted prior to using lifetime reserve days.
- You are confined in a hospital outside the United States and Puerto Rico.

Maternity or emergency admissions

When there is an unscheduled maternity admission or an emergency admission due to a condition that puts the patient's life in danger or could cause serious damage to bodily function, you, your representative, the doctor, or the hospital must telephone 1-800-654-6530 within two business days following the day of admission, even if the patient has been discharged from the hospital. Otherwise, inpatient benefits otherwise payable for the admission will be reduced by \$500.

Newborn admissions that extend beyond the mother's discharge date must also be certified. You, your representative, the doctor or hospital must request certification for the newborn's continued stay within two business days following the day of the mother's discharge.

Other considerations

An early determination of need for admission (precertification of the medical necessity of inpatient admission) is binding on the Carrier unless the Carrier is misled by the information given to it. After the claim is received, the Carrier will first determine whether the admission was precertified and then provide benefits according to all of the terms of this brochure.

If you do not precertify

If precertification is not obtained before admission to the hospital (or within two business days following the day of a maternity or emergency admission or, in the case of a newborn, the mother's discharge), a medical necessity determination will be made at the time the claim is filed. If the Carrier determines that the hospitalization was not medically necessary the inpatient hospital benefits will not be paid. However, medical supplies and services otherwise payable on an outpatient basis will be paid.

If the claim review determines that the admission was medically necessary, any benefits payable according to all of the terms of this brochure will be reduced by \$500 for failing to have the admission precertified.

If the admission is determined to be medically necessary, but part of the length of stay was found not to be medically necessary, inpatient hospital benefits will not be paid for the portion of the stay that was not medically necessary. However, medical services and supplies otherwise payable on an outpatient basis will be paid.

This Plan and Medicare

Coordinating benefits

The following information applies only to enrollees and covered family members who are entitled to benefits from both this Plan and Medicare. You must disclose information about Medicare coverage, including your enrollment in a Medicare prepaid plan, to this Carrier; this applies whether or not you file a claim under Medicare. You must also give this Carrier authorization to obtain information about benefits or services denied or paid by Medicare when they request it. It is also important that you inform the Carrier about other coverage you may have as this coverage may affect primary/secondary status of this Plan and Medicare (see pages 9-10).

This Plan covers most of the same kinds of expenses as Medicare Part A, hospital insurance, and Part B, medical insurance, except that Medicare does not cover prescription drugs.

The following rules apply to enrollees and their family members who are entitled to benefits from both a FEHB plan and Medicare.

This Plan is primary if:

- 1) You are age 65 or over, have Medicare Part A (or Parts A and B), and are employed by the Federal Government;
- 2) Your covered spouse is age 65 or over and has Medicare Part A (or Parts A and B) and you are employed by the Federal Government;
- 3) The patient (you or a covered family member) is within the first 18 months of eligibility to receive Medicare Part A benefits due to End Stage Renal Disease (ESRD) except when Medicare was the patient's primary payer on the day before he or she became eligible for Medicare Part A due to ESRD; or
- 4) The patient (you or a covered family member) is under age 65 and eligible for Medicare solely on the basis of disability, and you are employed by the Federal Government.

For purposes of this section, "employed by the Federal Government" means that you are eligible for FEHB coverage based on your current employment and you do not hold an appointment described under Rule 6 of the following "Medicare is primary" section.

Medicare is primary if:

- 1) You are an annuitant age 65 or over, covered by Medicare Part A (or Parts A and B) and are not employed by the Federal Government;
- 2) Your covered spouse is age 65 or over and has Medicare Part A (or Parts A and B) and you are not employed by the Federal Government;
- 3) You are age 65 or over and (a) you are a Federal judge who retired under title 28, U.S.C., (b) you are a Tax Court judge who retired under Section 7447 of title 26, U.S.C., or (c) you are the covered spouse of a retired judge described in (a) or (b);
- 4) You are an annuitant not employed by the Federal Government, and either you or a covered family member (who may or may not be employed by the Federal Government) is under age 65 and eligible for Medicare on the basis of disability;
- 5) You are enrolled in Part B only, regardless of your employment status;
- 6) You are age 65 or over and employed by the Federal Government in an appointment that excludes similarly appointed nonretired employees from FEHB coverage, and have Medicare Part A (or Part A and B); or
- 7) You are a former Federal employee receiving workers' compensation and the Office of Workers Compensation has determined that you are unable to return to duty;
- 8) The patient (you or a covered family member) has completed the 18-month ESRD coordination period and is still eligible for Medicare due to ESRD; or
- 9) The patient (you or a covered family member) becomes eligible for Medicare due to ESRD after Medicare assumed primary payer status for the patient under rules 1) through 7) above.

This Plan and Medicare *continued*

When Medicare is primary

When Medicare is primary, all or part of your Plan deductibles and coinsurance will be waived as follows:

Inpatient Hospital Benefits: If you are enrolled in Medicare Part A, the Plan will waive the deductible and coinsurance.

Surgical Benefits: If you are enrolled in Medicare Part B, the Plan will waive the deductible and coinsurance applicable to surgical and medical care.

Mental Conditions/Substance Abuse Benefits: If you are enrolled in Medicare Part A, the Plan waives the inpatient deductible and coinsurance for hospital charges. If you are enrolled in Medicare Part B, the Plan waives the deductible and coinsurance for doctors' inpatient services and outpatient care.

Other Medical Benefits: If you are enrolled in Medicare Part B, the Plan waives the calendar year deductible and coinsurance.

Additional Benefits: If you are enrolled in both Medicare Parts A and B, the Plan waives the coinsurance for durable medical equipment.

Prescription Drug Benefits: If you are enrolled in Medicare Part B, the Plan waives the High Option Other Medical Benefits deductible and coinsurance. Under the Standard Option, for non-participating pharmacies, the Plan waives all but \$50 of the OMB deductible and pays 70%. The coinsurance for non-participating pharmacies is not waived. The copayments for participating pharmacies (\$10 or \$20) are not waived. The Mail Order Drug Program copayments are not waived.

Dental Benefits: The deductible is not waived.

When Medicare is the primary payer, this Plan will pay the lesser of (1) its benefits in full, or (2) a reduced amount that, when added to the benefits payable by Medicare, will not exceed 100% of reasonable and customary expenses or, for doctor services, the amount specified by Medicare as described below.

When you also enroll in a Medicare prepaid plan

When you are enrolled in a Medicare prepaid plan while you are a member of this Plan, you may continue to obtain benefits from this Plan. If you submit claims for services covered by this Plan that you receive from providers that are not in the Medicare plan's network, the Plan will not waive any deductibles or coinsurance when playing these claims.

Medicare's payment and this Plan

If you are covered by Medicare Part B and it is primary, you should be aware that your out-of-pocket costs for services covered by both this Plan and Medicare Part B will depend on whether your doctor accepts Medicare assignment for the claim.

Medicare-participating doctors accept assignment; that is, they have agreed not to bill you for more than the Medicare-approved amount for covered services. Some non-Medicare-participating doctors accept assignment on certain claims. If you use a doctor who accepts Medicare assignment for the claim, the doctor is permitted to bill you after the Plan has paid only in those instances where the Medicare and Plan payments combined do not total the Medicare-approved amount.

Non-Medicare-participating doctors do not need to accept assignment. When they do not accept assignment on a claim, they can bill you for more than the Medicare-approved amount - up to a limit set by the Medicare law (the Social Security Act, 42 U.S.C.) called the limiting charge. The limiting charge is 115 percent of the Medicare-approved amount. If you use a doctor who does not accept assignment for the claim, the doctor is permitted to bill you after the Plan has paid only if the Medicare and Plan payments combined do not total the limiting charge set by the Medicare law for non-Medicare-participating doctors. Neither you nor your FEHB Plan is liable for any amount in excess of the Medicare limiting charge for charges of a non-participating Medicare doctor. The Medicare explanation of benefits (EOB) form will have more information about this limit.

Medicare HMO's

If you are enrolled in a Medicare HMO and obtain care from a non-HMO provider and the HMO will not pay for the care, the Plan will base allowable charges on the Medicare limiting charge and apply the appropriate deductibles and pay regular benefits.

This Plan and Medicare *continued*

How to claim benefits

In most cases, when services are covered by both Medicare and this Plan, Medicare is the primary payer if you are an annuitant and this Plan is primary if you are an employee. When Medicare is the primary payer, your claims should first be submitted to Medicare. After Medicare has paid its benefits, the Carrier will consider the balance of any covered expenses. To be sure your claims are processed by this Carrier, you must submit the EOB form from Medicare and duplicates of all bills along with a completed claim form. The Carrier will not process your claim without knowing whether you have Medicare and, if you do, without receiving the Medicare EOB.

Enrollment Information

If you are a new member

Use this brochure as a guide to coverage and obtaining benefits. There may be a delay before you receive your identification card and member information from the Carrier. Until you receive your ID card, you may show your copy of the SF 2809 enrollment form or your annuitant confirmation letter from OPM to a provider as proof of enrollment in this Plan. If you do not receive your ID card within 60 days after the effective date of your enrollment, you should contact the Carrier. See “How to claim benefits” on page 26.

If you made your open season change by using Employee Express and have not received your new ID card by the effective date of your enrollment, call the Employee Express HELP number to request a confirmation letter. Use that letter to confirm your new coverage with Plan providers.

If you are a new member of this Plan, benefits and rates begin on the effective date of your enrollment, as set by your employing office or retirement system (see “Effective date” on page 36). Coverage under your new plan for a hospitalized member may be delayed if you are currently enrolled in another FEHB plan and you or a covered family member are hospitalized on the effective date of your enrollment; see “If you are hospitalized” below.

No FEHB plan may refuse to provide benefits for any condition you or a covered family member may have solely on the basis that it was a condition that existed before you enrolled in a plan under the FEHB Program, except as stated in any cosmetic surgery or dental benefits description in this brochure.

If you are hospitalized

If you change plans or options, benefits under your prior plan or option cease on the effective date of your enrollment in your new plan or option unless you or a covered family member are confined in a hospital or other covered facility or are receiving medical care in an alternative care setting on the last day of your enrollment under the prior plan or option. In that case, the confined person will continue to receive benefits under the former plan or option until the earliest of (1) the day the person is discharged from the hospital or other covered facility (a move to an alternative care setting does not constitute a discharge under this provision), or (2) the day after the day all inpatient benefits have been exhausted under the prior plan or option, or (3) the 92nd day after the last day of coverage under the prior plan or option. However, benefits for other family members under the new plan will begin on the effective date. If your plan terminates participation in the FEHB Program in whole or in part, or if the Associate Director for Retirement and Insurance orders an enrollment change, this continuation of coverage provision does not apply; in such case, the hospitalized family member’s benefits under the new plan begin on the effective date of enrollment.

Your responsibility

It is your responsibility to be informed about your health benefits. Your employing office or retirement system can provide information about when you may change your enrollment; who “family members” are; what happens when you transfer, go on leave without pay, enter military service, or retire; when your enrollment terminates; and the next open season for enrollment. Your employing office or retirement system will also make available to you a FEHB Guide, brochures and other materials you need to make an informed decision.

Things to keep in mind

- The **benefits** in this brochure are effective on January 1 for those already enrolled in this Plan. If you changed plans or plan options, see “If you are a new member” above. In both cases, however, the Plan’s new rates are effective the first day of the enrollee’s first full pay period that begins on or after January 1 (January 1 for all annuitants).

Enrollment Information *continued*

- Generally, you must be continuously enrolled in the FEHB Program for the last five years before you retire to continue your enrollment for you and any eligible family members after you retire.
- The FEHB Program provides Self Only coverage for the enrollee alone or Self and Family coverage for the enrollee, his or her spouse, and unmarried dependent children under age 22. Under certain circumstances, coverage will also be provided under a family enrollment for a disabled child 22 years of age or older who is incapable of self-support.
- An enrollee with Self Only coverage who is expecting a baby or the addition of a child may change to a Self and Family enrollment up to 60 days after the birth or addition. The effective date of the enrollment change is the first day of the pay period in which the child was born or became an eligible family member. The enrollee is responsible for his or her share of the Self and Family premium for that time period.
- You will not be informed by your employing office (or your retirement system) or your Carrier when a family member loses eligibility.
- You must direct questions about enrollment and eligibility, including whether a dependent age 22 or older is eligible for coverage, to your employing office or retirement system. The Carrier does not determine eligibility and cannot change an enrollment status without the necessary information from the employing agency or retirement system.
- An employee, annuitant, or family member enrolled in one FEHB plan is not entitled to receive benefits under any other FEHB Program.
- Report additions and deletions (including divorces) of covered family members to the Carrier promptly.
- If you are an annuitant or former spouse with FEHB coverage and you are also covered by Medicare Part B, you may drop your FEHB coverage and enroll in a Medicare prepaid plan when one is available in your area. If you later change your mind and want to reenroll in FEHB, you may do so at the next open season, or whenever you involuntarily lose coverage in the Medicare prepaid plan or move out of the area it serves.

Most Federal annuitants have Medicare Part A. If you do not have Medicare Part A, you may enroll in a Medicare prepaid plan, but you will probably have to pay for hospital coverage in addition to the Part B premium. **Before** you join the plan, ask whether they will provide hospital benefits and, if so, what you will have to pay.

You may also remain enrolled in this Plan when you join a Medicare prepaid plan. See page 32 for how this Plan's benefits are affected when you are enrolled in a Medicare prepaid plan.

Contact your local Social Security Administration (SSA) office for information on local Medicare plans (also known as Coordinated Care Plans or Medicare HMOs) or request it from SSA at 1-800/638-6833. Contact your retirement system for information on dropping your FEHB enrollment and changing to a Medicare prepaid plan.

- Federal annuitants are not required to enroll in Medicare Part B (or Part A) in order to be covered under the FEHB Program nor are all their FEHB benefits reduced if they do not have Medicare Part B (or Part A).

Coverage after enrollment ends

Former spouse coverage

When an employee's enrollment terminates because of separation from Federal service or when a family member is no longer eligible for coverage under an employee or annuitant enrollment, and the person is not otherwise eligible for FEHB coverage, he or she will generally be eligible for a free 31-day extension of coverage. The employee or family member may also be eligible for one of the following:

Temporary continuation of coverage

When a Federal employee or annuitant divorces, the former spouse may be eligible to elect coverage under the spouse equity law. If you are recently divorced or anticipate divorcing, contact the employee's employing office (personnel office) or retiree's retirement system to get more facts about electing coverage.

If you are an employee whose enrollment is terminated because you separate from service, you may be eligible to temporarily continue your health benefits coverage under the FEHB Program in any plan for which you are eligible. Ask your employing office for RI 79-27, which describes TCC, and for RI 70-5, the FEHB Guide for individuals eligible for TCC. Unless you are separated for gross misconduct, TCC is available to you if you are not otherwise eligible for continued coverage under the Program. For example, you are eligible for TCC when you retire if you are unable to meet the five-year enrollment requirement for continuation of enrollment after retirement.

Enrollment Information *continued*

Your TCC begins after the initial free 31-day extension of coverage ends and continues for up to 18 months after your separation from service (that is, if you use TCC until it expires 18 months following separation, you will pay for only 17 months of coverage). Generally, you must pay the total premium (both the Government and employee shares) plus a 2 percent administrative charge. If you use your TCC until it expires, you are entitled to another free 31-day extension of coverage when you may convert to nongroup coverage. If you cancel your TCC or stop paying premiums, the free 31-day extension of coverage and conversion option are not available.

Children or former spouses who loses eligibility for coverage because they no longer qualify as family members and who are not eligible for benefits under the FEHB Program as employees or under the spouse equity law) also may qualify for TCC. They also must pay the total premium plus the 2 percent administrative charge. TCC for former family members continues for up to 36 months after the qualifying event occurs, for example, the child reaches age 22 or the date of the divorce. This includes the free 31-day extension of coverage. When their TCC ends (except by cancellation or nonpayment of premium), they are entitled to another free 31-day extension of coverage when they may convert to nongroup coverage.

NOTE: If there is a delay in processing the TCC enrollment, the effective date of the enrollment is still the 32nd day after regular coverage ends. The TCC enrollee is responsible for premium payments retroactive to the effective date, and coverage may not exceed the 18 or 36 - month period noted above.

Notification and election requirements:

- **Separating employees** - Within 61 days after an employee's enrollment terminates because of separation from service, his or her employing office must notify the employee of the opportunity to elect TCC. The employee has 60 days after separation (or after receiving the notice from the employing office, if later) to elect TCC.
- **Children** - You must notify your employing office or retirement system when a child becomes eligible for TCC within 60 days after the qualifying event occurs, for example, the child reaches age 22 or marries.
- **Former spouses** - You or your former spouse must notify the employing office or retirement system of the former spouse's eligibility for TCC within 60 days after the termination of the marriage. A former spouse may also qualify for TCC if, during the 36-month period of TCC eligibility, he or she loses spouse equity eligibility because of remarriage before age 55 or loss of the qualifying court order. This applies even if he or she did not elect TCC while waiting for spouse equity coverage to begin. The former spouse must contact the employing office within 60 days of losing spouse equity eligibility to apply for the remaining months of TCC to which he or she is entitled.

The employing office or retirement system has 14 days after receiving notice from you or the former spouse to notify the child or the former spouse of his or her rights under TCC. If a child wants TCC, he or she must elect it within 60 days after the date of the qualifying event (or after receiving the notice, if later). If a former spouse wants TCC, he or she must elect it within 60 days after any of the following events, the date of the qualifying event; or the date he or she receives the notice, whichever is later; or the date he or she loses coverage under the spouse equity law because of remarriage before age 55 or loss of the qualifying court order.

Important: The employing office or retirement system must be notified of a child's or former spouse's eligibility for TCC within the 60-day time limit. If the employing office or retirement system is not notified, the opportunity to elect TCC ends 60 days after the qualifying event in the case of a child and 60 days after the change in status in the case of a former spouse.

Conversion to individual coverage

When none of the above choices are available - or chosen - when coverage as an employee or family member ends, or when TCC coverage ends (except by cancellation or nonpayment of premium), you may be eligible to convert to an individual, nongroup contract. You will not be required to provide evidence of good health and the plan is not permitted to impose a waiting period or limit coverage for preexisting conditions. If you wish to convert to an individual contract, you must apply in writing to the carrier of the plan in which you are enrolled within 31 days after receiving notice of the conversion right from your employing agency. A family member must apply to convert within the 31-day free extension of coverage that follows the event that terminates coverage, e.g., divorce or reaching age 22. Benefits and rates under the individual contract may differ from those under the FEHB Program.

Definitions

Accidental injury	An injury caused by an external force or element such as a blow or fall that requires immediate medical attention. Also included are animal bites, poisonings, and dental care required to repair injuries to sound natural teeth as a result of an accidental injury, not from biting or chewing.
Admission	The period from entry (admission) into a hospital or other covered facility until discharge. In counting days of inpatient care, the date of entry and the date of discharge are counted as the same day.
Assignment	An authorization by an enrollee or spouse for the Carrier to issue payment of benefits directly to the provider. The Carrier reserves the right to pay the member directly for all covered services.
Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Congenital anomaly	A condition existing at or from birth which is a significant deviation from the common form or norm. For purposes of this Plan, congenital anomalies include protruding ear deformities, cleft lips, cleft palates, birthmarks, webbed fingers or toes and other conditions that the Carrier may determine to be congenital anomalies. In no event will the term congenital anomaly include conditions relating to teeth or intra-oral structures supporting the teeth.
Cosmetic surgery	Any operative procedure or any portion of a procedure performed primarily to improve physical appearance and/or treat a mental condition through change in bodily form.
Custodial care	<p>Treatment or services, regardless of who recommends them or where they are provided, that could be rendered safely and reasonably by a person not medically skilled, or that are designed mainly to help the patient with daily living activities. These activities include but are not limited to:</p> <ol style="list-style-type: none">(1) personal care such as help in: walking; getting in and out of bed; bathing; eating by spoon, tube or gastrostomy; exercising; dressing;(2) homemaking, such as preparing meals or special diets;(3) moving the patient;(4) acting as companion or sitter;(5) supervising medication that can usually be self administered; or(6) treatment or services that any person may be able to perform with minimal instruction, including but not limited to recording temperature, pulse, and respirations, or administration and monitoring of feeding systems. <p>The Carrier determines which services are custodial care.</p>
Durable medical equipment	<p>Equipment and supplies that:</p> <ol style="list-style-type: none">(1) are prescribed by your attending doctor;(2) are medically necessary;(3) are primarily and customarily used only for a medical purpose;(4) are generally useful only to a person with an illness or injury;(5) are designed for prolonged use; and(6) serve a specific therapeutic purpose in the treatment of an illness or injury.
Effective date	<p>The date the benefits described in this brochure are effective:</p> <ol style="list-style-type: none">(1) January 1 for continuing enrollments and for all annuitant enrollments;(2) the first day of the first full pay period of the new year for enrollees who change plans or options or elect FEHB coverage during the open season for the first time; or(3) for new enrollees during the calendar year, but not during the open season, the effective date of enrollment as determined by the employing office or retirement system.

Definitions *continued*

Experimental or investigational drug, device and medical treatment or procedure

A drug, device or medical treatment or procedure is experimental or investigational:

- (1) if the drug or device cannot be lawfully marketed without approval of the U.S. Food and Drug Administration and approval for marketing has not been given at the time the drug or device is furnished; or
- (2) if reliable evidence shows that the drug, device or medical treatment or procedure is the subject of ongoing phase I, II, or III clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis; or
- (3) if reliable evidence shows that the consensus of opinion among experts regarding the drug, device or medical treatment or procedure is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis.

Reliable evidence shall mean only published reports and articles in the authoritative medical and scientific literature; the written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, device or medical treatment or procedure; or the written informed consent used by the treating facility or by another facility studying substantially the same drug, device or medical treatment or procedure.

Group health coverage

Health care coverage that a member is eligible for because of employment by, membership in, or connection with, a particular organization or group that provides payment for hospital, medical, or other health care services or supplies, or that pays a specific amount for each day or period of hospitalization if the specified amount exceeds \$200 per day, including extension of any of these benefits through COBRA.

Home health care agency

An agency or organization that provides a program of home health care that meets all the following requirements: (1) it is certified by the patient's doctor as an appropriate provider of home health services; (2) it has a full-time administrator; (3) it maintains written records of services provided to the patient; and (4) its staff includes at least one registered nurse (R.N.).

Hospice care program

A formal program directed by a doctor to help care for the terminally ill through either: (1) a centrally administered, medically directed and nurse coordinated program that provides a coherent system of home care; uses a hospice team; and is available 24 hours a day; or (2) confinement of the terminally ill person in a hospice. The hospice team must include a doctor and registered nurse (R.N.) and may include social workers, clergymen/counselors, volunteers, clinical psychologists and physical or occupational therapists.

Incurred date

The date services and supplies are received. The applicable benefits are those in effect on this date. The incurred date for major dental care expenses that involve preparatory services is the date the inlay, crown, bridge or denture is seated, placed or installed in the patient's mouth.

Medical emergency

The sudden and unexpected onset of a condition requiring immediate non-surgical medical care, which the covered person secures within 72 hours after the onset. The severity of the condition, as revealed by the doctor's diagnosis, must be such as would normally require emergency care. Medical emergencies include heart attacks, strokes, loss of consciousness or respiration, convulsions, and such other acute conditions as may be determined by the Plan to be medical emergencies.

Medically necessary

Services, drugs, supplies or equipment provided by a hospital or covered provider of the health care services that the Carrier determines:

- (1) are appropriate to diagnose or treat the patient's condition, illness or injury;
- (2) are consistent with standards of good medical practice in the United States;
- (3) are not primarily for the personal comfort or convenience of the patient, the family, or the provider;
- (4) are not a part of or associated with the scholastic education or vocational training of the patient; and
- (5) in the case of inpatient care, cannot be provided safely on an outpatient basis.

The fact that a covered provider has prescribed, recommended, or approved a service, supply or equipment does not, in itself, make it medically or dentally necessary.

Definitions *continued*

Mental conditions/ substance abuse	Conditions and diseases listed in the most recent edition of the International Classification of Diseases (ICD) as psychoses, neurotic disorders, or personality disorders; other nonpsychotic mental disorders listed in the ICD, to be determined by the Carrier; or disorders listed in the ICD requiring treatment for abuse of or dependence upon substances such as alcohol, narcotics, or hallucinogens.
Morbid obesity	A condition in which an individual weighs the greater of 100 pounds or 100% over his or her normal weight.
POS primary care physician	Internists, obstetricians, gynecologists, general practitioners, family practitioners or pediatricians who participate in the point-of-service network used by this Plan.
POS specialist	Any licensed physician who participates in the point-of-service network used by this Plan but who is not a POS primary care physician.
Reasonable and customary	The prevailing charge in a geographic area made by other providers for the treatment of an illness or injury of comparable severity and nature. Benefits are based on, and limited to, expenses that are reasonable and customary as determined by statistical profiles developed by Medical Data Research (MDR). These profiles are updated twice per year. The 90th percentile of the MDR is used in determining the benefits available for surgical care and anesthesia. For other providers and categories of benefits, reimbursements are based on submitted charges unless considered excessive. Any amount above the Plan's allowance is the patient's responsibility.
Sound natural tooth	A natural tooth that is whole or properly restored, without impairing periodontal or other conditions and not in need of the treatment rendered or proposed for any reason other than accidental injury.
Surgery	A "surgical procedure" means cutting, suturing, treating burns, correcting a fracture, reducing a dislocation, manipulating a joint under anesthesia, electrocauterizing, tapping (paracentesis), applying plaster casts, administering pneumothorax, endoscopy or injecting sclerosing solution.

Non-FEHB Benefits Available to Plan Members

The benefits described on this page are neither offered nor guaranteed under the contract with the FEHB Program, but are made available to all enrollees and family members of this Plan. The cost of the benefits described on this page is not included in the FEHB premium and any charges for these services do not count toward any FEHB deductibles, out-of-pocket maximum, copayment charges, etc. These benefits are not subject to the FEHB disputed claims review procedure.

Long term care

What would happen if you suddenly required nursing home care? The League offers immediate care without the red tape. Benefits are paid in addition to what you may qualify for through Medicare's "skilled" nursing home benefits. Premiums remain the same regardless of your age. For current information, please call 1-800-321-0102.

Eyewear program

Vision care Advantage Program offers you and your entire family all the saving advantages available only to VCA members. VCA offers a choice of one-hour optical, smaller chains, and independent optometrists. In addition, they offer a huge selection of top-of-the-line fashionable eyewear at substantial savings. Members will be able to purchase what they want, where they want, and at a very reasonable price. For more information, contact Vision Care Advantage, P.O. Box 3959, Peoria, IL 61614-0959. Telephone 1-800/447-2205.

Supplemental Dental

All members of the League may enroll in the League Dental Program. The League does not require enrollment in the FEHB Plan for enrollment in the League Dental Program. The League Dental Program provides up to \$1,000 of benefits per year. With the League Dental Program, you do not have to change from your current dentist. This program pays benefits directly to you, or to your dentist. Members may enroll in one of the three levels of coverage: individual, self and spouse, or family. Enrollees pay premiums quarterly. Coverage becomes effective the first of the month following receipt of your completed application and quarterly premium. For more information about benefits, limitations and premiums, and to request an application, write to: League Insurance Services, 4800 Montgomery Lane, M25, Bethesda, MD 20814. To get information by telephone, call toll free 1-800-522-1857.

Benefits on this page are not part of the FEHB contract

How Postmasters Benefit Plan Changes January 1997

Benefit changes Both Options

- Inpatient Hospital Benefits are now determined based on a hospital admission. Previously, these benefits were based on a hospital confinement.
- Under “Organ/tissue transplants and donor expenses” in the “Surgical Benefits” provision, kidney transplants are covered up to \$100,000 per transplant. Previously, kidney transplants were covered under the Managed Transplant System (MTS) Program, up to \$300,000 per transplant.
- Benefits for “Therapy Services” (physical, occupational and speech) will now be provided under the “Other Medical Benefits” provision, subject to the calendar year deductible and payable at 95% for PPO Benefits and 80% for Non-PPO benefits with up to 40 visits under High Option. Standard Option benefits will be paid at 95% for PPO benefits and 70% for Non-PPO benefits up to 24 visits. Previously, these benefits were provided under the “Additional Benefits” provision, payable in full up to 40 visits per calendar year under High Option and 24 visits under Standard Option, no deductible.
- Benefits for “Outpatient treatment, Tests and Facility” will now be provided under the “Other Medical Benefits” provision, subject to the calendar year deductible and payable at 95% for PPO benefits and 80% for Non-PPO benefits under High Option. Standard Option benefits will be paid at 95% for PPO benefits and 70% for Non-PPO benefits under High Option. Previously, these services were provided under the “Additional Benefits” provision and payable at 95% for PPO benefits and 85% for Non-PPO benefits under High Option. Standard Option benefits were paid at 95% for PPO benefits and 80% for Non-PPO benefits, with no deductible.
- Benefits for “Rental, Repair or Purchase of Durable Medical Equipment” will now be provided under the “Additional Benefits” provision, payable at 75% of the maximum allowable charge, no deductible. Previously, these benefits were provided under the “Other Medical Benefits” provision, subject to the calendar year deductible, payable at 80% for High Option and 75% for Standard Option.
- Under the “Additional Benefits” provision, Skilled Nursing Facilities are now covered only when the patient has Medicare Part A as primary coverage and Medicare Part A has made payment. Both Options provide secondary benefits for the applicable Medicare Part A copayments in full. Previously, Skilled Nursing Facilities were covered up to 60 days per confinement.
- The Plan will not pay claims submitted later than December 31 of the calendar year after the year in which the covered service was provided. Previously, the Plan paid claims submitted up to two years from the date the expense was incurred.
- For members who are enrolled in a Medicare HMO and obtain care from a Non-HMO provider, the Plan will now allow charges up to the Medicare limiting charge and apply the Plan deductible and pay regular benefits. Previously, the Plan would allow billed charges and waive its deductibles and coinsurances.

Standard Option

- This Plan now offers all of its **Standard Option** members a Point of Service (POS) product. Under the point of service benefits, Standard Option members may limit out-of-pocket expenses by getting care from a network of discount providers. Standard Option Plan members may either select a primary care doctor in the Plan network to manage their care or may continue to use any provider of their choice. See page 6 for more information.
- The Inpatient Hospital Room and Board deductible under Non-PPO benefits has been increased from \$250 to \$600 per admission. In addition, non-PPO benefits are now payable at 70% of covered charges. Inpatient Hospital Room and Board Benefits under PPO benefits are now subject to a \$350 per admission deductible. Previously, hospital room and board benefits were determined based on a hospital confinement; Non-PPO benefits were subject to a \$250 deductible per confinement and benefits were paid in full while PPO benefits were not subject to a deductible.
- “Other Charges” (Non-PPO) under Inpatient Hospital Benefits are now payable at 70% of covered charges. Previously, these services were payable at 80%.
- Surgical Benefits are now subject to the calendar year deductible under both PPO and Non-PPO benefits and are payable at 70% of reasonable and customary allowance for Non-PPO benefits and 95% of surgeon’s negotiated rate for PPO benefits. Previously, these benefits were payable at 75% of the reasonable and customary allowance for Non-PPO benefits and 95% of the surgeon’s negotiated rate for PPO benefits, with no deductible.
- Under the “Assistant Surgeon (inpatient/outpatient)” provision, benefits are now subject to the calendar year deductible and payable up to 15% of the reasonable and customary allowance. Previously, assistant surgeons’ fees were payable up to 15% of the reasonable and customary allowance, no deductible.

How Postmasters Benefit Plan Changes January 1997 *continued*

- Anesthesia benefits are now subject to the calendar year deductible under both PPO and Non-PPO benefits and are payable at 70% of the reasonable and customary allowance for Non-PPO benefits and 95% for PPO benefits. Previously, this benefit was payable at 75% of the reasonable and customary allowance for Non-PPO benefits and 95% for PPO benefits with no deductible.
- Inpatient doctors' visits and outpatient care for mental conditions are now subject to a separate \$300 per person/\$600 per family mental conditions calendar year deductible, while the Plan deductible has increased to \$500 per person and \$1,000 per family.
- Non-PPO services are now subject to a \$500 per person or \$1,000 per family calendar year deductible. PPO services are still subject to a \$300 per person or \$600 per family calendar year deductible. Previously, Non-PPO services were subject to a \$300 per person or \$600 per family calendar year deductible.
- Services covered under the "Other Medical Benefits" provision are now payable at 70% of eligible expenses under Non-PPO benefits. Previously, these services were payable at 75%.
- The Non-PPO catastrophic level (out-of-pocket expenses) is now \$6,700 per calendar year. Previously, the Non-PPO catastrophic level was \$4,000 per calendar year.

Clarifications

- Procedures, services, drugs and supplies related to abortions are excluded except when the life of the mother would be endangered if the fetus were carried to term or when the pregnancy is the result of rape or incest.
- The brochure has been clarified to show private duty nursing care while confined in a hospital is not covered.
- The brochure has been clarified to show that surcharges made by a hospital are not covered.
- The brochure has been clarified to show how subsequent surgical procedures are paid under multiple surgical procedures when performed by a Preferred Provider (PPO).
- The brochure has been clarified to show the PPO benefit for the services of an assistant surgeon.
- The brochure has been clarified to show donor screening tests for organ transplants, except those performed for the actual donor when the recipient is covered by the Plan are not covered.
- The brochure has been clarified to show when covered expenses exceed the deductible, complete a claim form, attach itemized bills and send them to the Plan. Claims for out-of-hospital benefits should not be submitted more often than quarterly.
- The brochure has been clarified to show that when the Plan returns a claim for additional information, that information must be returned within 90 days, or before the timely filing period expires (whichever is later).
- The use of a Plan identification card to obtain benefits after you are no longer enrolled in the Plan is a fraudulent action subject to review by the Inspector General.
- Medical data that does not identify individual members may be disclosed as a result of bona fide medical research or education.
- **PPO Arrangements** This section has been clarified to show that while PPO providers agree with the Plan to provide the covered services, final decisions about health care from PPO providers are the sole responsibility of the doctor and patient and are independent of the terms of the insurance contract.
- **General Information** When a family member is hospitalized on the effective date of an enrollment change and continues to receive benefits under the **old** plan, benefits under the **new** plan will begin for other family members on the effective date of the new enrollment.

An enrollee with Self Only coverage who is expecting a baby or the addition of a child may change to a Self and Family enrollment up to 60 days after the birth or addition.

Annuitants and former spouses with FEHB coverage, and who are covered by Medicare Part B, may join a Medicare prepaid plan if they do not have Medicare Part A, but they will probably have to pay for hospital coverage. They may also remain enrolled under a FEHB plan when they enroll in a Medicare prepaid plan.

Federal annuitants are not required to enroll in Medicare Part B (or Part A) in order to be covered under the FEHB Program nor are their FEHB benefits reduced if they do not have Medicare Part B (or Part A).

Temporary continuation of coverage (TCC) for employees or family members who lose eligibility for FEHB coverage includes one free 31-day extension of coverage and may include a second. How these are coordinated has been clarified; notification and election requirements have also been clarified.

How Postmasters Benefit Plan Changes January 1997 *continued*

“Conversion to individual coverage” does not require evidence of good health and the plan is not permitted to impose a waiting period or limit coverage for preexisting conditions; benefits and rates under the individual contract may differ from those under the FEHB Program.

- The rules concerning whether this Plan or Medicare pays your claim first when you are entitled to benefits under both this Plan and Medicare have been clarified (see page 31):
- This Plan is primary if you, the enrollee, are age 65 or over, have Medicare, and are employed by the Federal Government. If your covered spouse is age 65 or over, has Medicare, and is employed by the Federal Government and you, the enrollee, are not, Medicare is primary.
- Medicare is primary if you are a former Federal employee receiving workers’ compensation and the Office of Workers Compensation has determined that you are unable to return to duty.
- Language on the non-FEHB page has been clarified to show that the cost of benefits described on this page is not included in the FEHB premium.
- This Plan’s type of delivery system is now identified on the brochure cover: A Managed Fee-for-Service Plan with a Preferred Provider Organization and a Point of Service product.

Other changes

- The “Flexible services option” is now known as the “Flexible benefits option.”
- Enrollees who change their FEHB enrollments using Employee Express may call the Employee Express HELP number to obtain a letter confirming that change if their ID cards do not arrive by the effective date of the enrollment change.
- **If you are eligible for Medicare**, the information about Medicare coverage that you must disclose to the Carrier now includes your enrollment in a Medicare prepaid plan.

When you are enrolled in both this Plan and a Medicare prepaid plan, this Plan will not waive any deductibles or coinsurance when you receive treatment outside of the Medicare prepaid plan’s network.
- The fact that an enrollee does not have a vested right to receive the benefits in this brochure in 1998 or later years, nor to benefits for years prior to 1997 unless those benefits are in this brochure, is now stated under “General Limitations” as well as on page 2.
- The Plan will not pay for services required as the result of occupational disease or injury for which any medical benefits are determined by the Office of Workers Compensation Programs (OWCP) to be payable under workers’ compensation or by a similar agency under another Federal or State law. The Carrier is entitled to be reimbursed by OWCP (or the similar agency) for services it paid that were later found to be payable by OWCP (or the agency).

Disputed Claims If your claim for payment or services is denied by the Carrier, and you decide to ask OPM to review that denial, you must first ask the Carrier to reconsider their decision. You must now request their reconsideration within six months of the denial (previously, you had one year to do this). This time limit may be extended if you show you were prevented by circumstances beyond your control from making your request within the time limit.

Providers, legal counsel, and other interested parties may act as your representative in pursuing payment of a disputed claim **only** with your written consent. Any lawsuit to recover benefits on a claim for treatment, services, supplies or drugs covered by this Plan must be brought against the Office of Personnel Management in Federal court and only after you have exhausted the OPM review procedure.

- The States designated as medically underserved have changed for 1997. Arkansas and Idaho are no longer underserved.

NOTES

Summary of Benefits for Postmasters Benefit Plan

-High Option - 1997

Do not rely on this chart alone. All benefits are subject to the definitions, limitations, and exclusions set forth in the brochure. This chart merely summarizes certain important expenses covered by the Plan. If you wish to enroll or change your enrollment in this Plan, be sure to indicate the correct enrollment code on your enrollment form (codes appear on the cover of this brochure). All items below with an asterisk (*) are subject to the \$275 calendar year deductible. This Plan has two options; a summary of benefits for the Standard Option is located on page 46 of this brochure.

	Benefits	Plan pays/provides	Page
Inpatient care	Hospital	PPO benefit: 100% of hospital room and board charges for ward, semiprivate, or intensive care, no deductible applies; 100% of other covered hospital charges Non-PPO benefit: After a \$150 per admission deductible, 100% of hospital room and board charges for ward, semiprivate, or intensive care; 85% of other covered hospital charges for first 30 days, then 100%	12-13
	Surgical	PPO benefit: 95% of the surgeon's negotiated rate Non-PPO benefit: 85% of reasonable and customary allowance	
	Medical	PPO benefit: 95%* of covered charges Non-PPO benefit: 80%* of covered charges	13-15 18-19
	Maternity	Same benefits as for illness or injury	16-17
	Mental conditions	After a \$500 calendar year deductible, 70% of hospital charges for room and board and other hospital expenses up to calendar year maximum of \$50,000; day treatment benefit available	17
	Substance abuse	After a \$500 annual deductible, 70% of covered inpatient and outpatient charges to a calendar year maximum of \$3,500	17
Outpatient care	Hospital	PPO benefit: 95% of covered charges Non-PPO benefit: 85% for outpatient facility, chemotherapy, renal dialysis and preadmission testing, and 80%* of other covered charges	18-19
	Surgical	PPO benefit: 95% of the surgeon's negotiated rate Non-PPO benefit: 85% of reasonable and customary allowance	13-15
	Medical	PPO benefit: 95%* of covered charges Non-PPO benefit: 80%* of covered charges	18-19
	Maternity	Same benefits as for illness or injury	16-17
	Home health care	80%* of covered charges by nurses and health care agencies to a calendar year maximum of \$10,000	19
	Mental conditions	50%* of covered charges to a calendar year maximum of \$1,000	17
	Substance abuse	After a \$500 annual deductible, 70% of covered inpatient and outpatient charges to a calendar year maximum of \$3,500	17
Emergency care (accidental injury)		Up to 100% per accident for non-surgical outpatient treatment rendered within 72 hours of an accident	20
Prescription drugs		Under the Mail order drug program: member pays \$5 for generic and \$12 for name brand drugs per prescription or refill for a 90-day supply For prescriptions filled at retail pharmacies: Plan pays, for up to a 30-day supply, 80%* of covered charges for drugs and medicines; at participating pharmacies, charges are discounted and no claim forms are needed.	21 21
Dental care		After a \$30 calendar year deductible, basic and major services up to \$800 per person, \$2,000 per family per calendar year; based on Schedule of dental allowances	22-24
Additional benefits		Chiropractic services; Hospice care; Immunizations; Skilled nursing facility; Therapy services; Well child care	20

Summary of Benefits for Postmasters Benefit Plan

- Standard Option - 1997

Do not rely on this chart alone. All benefits are subject to the definitions, limitations, and exclusions set forth in the brochure. This chart merely summarizes certain important expenses covered by the Plan. If you wish to enroll or change your enrollment in this Plan, be sure to indicate the correct enrollment code on your enrollment form (codes appear on the cover of this brochure). All items below with an asterisk (*) are subject to the \$300 (PPO) or \$500 (Non-PPO) calendar year deductible. This Plan has two options; a summary of benefits for the High Option is located on page 45 of this brochure.

	Benefits	Plan pays/provides	Page
Inpatient care	Hospital	POS benefit: After a \$100 copay, 100%. PPO benefit: After a \$350 per admission deductible, 100% of hospital charges for ward, semiprivate, or intensive care; 95% of other covered hospital expenses Non-PPO benefit: After a \$600 per admission deductible, 70% of hospital room and board charges for ward, semiprivate or intensive care; 70% of other covered hospital expenses	12-13
